Thought His Case Was A Hopeless One

But Dreco Soon Helped John Lawler Overcome Biliousness and Dizzy Spells—Bowels Were Never Regular Until He Used Dreco—Just What He Needed.

John Lawlor, of Rebecca Street, Hamilton, Ont., an employee of the Freeman Fertilizer Co., suffered for years with stomach trouble, pains in the back and dizziness, whenever he stooped. His breath was bad and his appetite poor—in fact, his general condition was such that he thought his case was hopeless. Now Mr. Lawlor is among those who have discovered in Dreco that wonderful health builder that overcomes those ills from which so many suffer.

The story is better told in Mr. Lawlon's own words. He says: "For years I have suffered from stomach trouble and had pains in my back and joints. Every time I'd bend over I would get bilious. I had bad breath and my bowels were never regular and I always had to take medicine to keep them open. My appetite was poor and food would sour after meals. I could not sleep and rolled all night. I often had to stop along the way to get my breath. I started to believe my case was hopeless as I had tried so many things, but after talking with the Dreco expert, I decided to give the new herb and root medicine a trial. I have taken only one bottle and feel much better. It has done more good for me than anything I have ever taken, so intend to complete the treatment as it seems Dreco is just what I needed."

There are many John Lawlors in Hamilton and all over Canada going through life suffering unnecessarily. Dreco will bring health to you if you are one of them.

(Dreco is being specially introduced in Markdale by Johnson Lucas and is sold by good druggists everywhere.)
