## The Hidden Hour

BY J. B. HARRIS-BURL ND

CHAPTER VI.-(Cont'd.) "Oh, Alice, I want to have a talk his wif war other other of a minute?"

"I'll ask her, sir." Alice. 'Yes, sir?" said the servant, as he you? ith you both. To you minute?"
"I'll ask her, sir," Alice replied, and Trehort "Not very

"The door opened again and the two lovely little worlderly women ditered. The cook, fat it's horrible, and jolly and red-faced, walked first, think that had a lovely and red-faced, walked first.

be flying in flocks, evidently greatly the lady, whose name I do not other disturbed, but it is an odd fact that mistake. She'd run dway from her there were no such signs before the husband—at least I think so. She has a min taining story that the Marquise de sudden and dreadful earthquake which gone back to him and is anxious to do portal all in her power to put things straight.

She had to take me into her confidence, Miss. secret and pretend that she had never Trend

"You must do just as you like," he togeth said with a smile. "But I warn you that if it is known that the lady came here with he. Merrington it will probably mean a tragedy for three people to see —a cruel tragedy. I do not want to a door encourage evil, but to prevent it. This lady has returned to her husband, but

if all this coines to light she will doubtless leave him again. Well, I leave myself in your good hands."

Jane and Alice looked at each other, all for the best."

all for the best."

"Yes land to be a high to be

"Yes, Jane but I won't make no was promise. I must do what my con-

science tells me."

"That'll be all right, sir," said the cook. "You leave her to me."

"Thank you both --very mich," said Trehorn quietly. "I don't asl either of you to make a promise. I just leave myself-and this lady's reputation-in

your hands."
They left the room and Trehorn gave a sigh of relief. Ho had said nothing about the police. But he was not afraid that either of them would be induced to betray him. On thinking or are we different because we dream? the matter over he had come to the conclusion that police inquiries would only stiffen their determination to back him up. They would not say anything that would get him into trouble

with the police.
There was a ring at the front door bell, and a minute later Mr. Ardington was shown into the room. He was four thousand years ago, it was ratity almost as precious as gold.
In the days of Babylon the only known sources r were in a few self marshes in the Gobi Desert, north of the Himalayas. It was collected by natives. Small Hilalayan sheep carried it slung in bags round their needs more nearly approached the perfection.
