----Hard on Dobbin.

Before our agrarlan population had taken so enthusiastically to the automobile, two farmers drove into town in an old spring wagon pulled by a very bony nag. The little burg had just been incorporated, and among the evidences of this was a brand new sign at the town line: 'Speed limit, 10 miles an hour." Observing this, the driver began whipping up his steed vigorously.

"What's yo hurty"! returned his companion in mild conishment. "See that sign?" returned the other But I dunno if I, can make it or not." "The human body is the vehicle of a colossal and absorbing evolutionary experiment," said Sir Arthur Keith, the famous scientist, recently.
