There are more ways of killing a goose than by cutting its head off. Some get in the way of autos and are put out of business.

Canada has spent large sums in roadbuilding in recent years. One result worth while is the tourist business which this year is estimated at a value of one hundred million dollars.

It is the intention of the Ontario Government to erect a building of its own at the Canadian National Exhibition, and to bear one third the cost of the million dollar Royal Winter Fair building.

The Standard has outstanding subscription accounts amounting to several hundred dollars, the cash for which would help make the Christmas season even more pleasant than usual, around the print shop.

Following is the creed of the late Peter Veregin, the martyred leader of the Canadian Doukhobors: "Don't get angry. Seek no gain at another's loss. Live a life of love and service. Share all good things with your neighbors."

Sturgeon Falls has come into prominence throughout the Province by the Town Council having passed a motion forbidding the local police to enforce the O. T. A. Constables, before entering upon their duties are required to subscribe to an oath which puts the Sturgeon Falls law enforcers in a peculiar position. Sworn to do the job but forbidden by those who pay them.

Bootleggers are blamed for two murders recently in Hamilton. Both victims were foreigners, and it is suspected that the perpetrators are also of foreign birth. Canada's experience with the foreign element in recent years makes one wonder whether or not we have been wise in opening our doors and allowing many to come in who fail to appreciate the responsibilities of Canadian citizenship.

In a few weeks the various Municipal Councils throughout Ontario will be called upon to give an account of their stewardship during 1924. This is a good thing, coming as it does once a year, provided however their reports are judged in a fair and intelligent manner. In too many cases a man's own personality covers up or overshadows a poor year's work while in others the splendid results are forgotten because of the bluntness or other unpopular characteristics of men. The fellow who can continue to do things without fear or favor and get votes is a dandy.

The closing session of the Grey County Council, which is being held in Owen Sound this week, will provide an opportunity for those with the desire to canvas their fellow-members to support them for the office of Warden in 1925. It is not always the candidate with the greatest ability along this line who lands the honor but it helps a whole lot. We have in mind for the Wardenship in 1925 an old friend, Reeve John T. Miller of Euphrasia, who is always fair and fearless in the discharge of his duties. Mr. Miller has had several years of training in the business of the County Council and has the ability to make a first class presiding officer. We do not know whether or not Mr. Miller has any intention of asking for re-election in his own township so therefore cannot say that he will be a candidate for the Wardenship but if he is there should be little or no opposition to his election. Euphrasia township has not been honored with the Wardenship in a long time, therefore Mr. Miller's claim is doubly strong. "John T. Miller, Esq., Warden," would look well on the County's stationery in 1925.

The Ontario Trustees and Ratepayers' Association is planning to place a picture of "The Fathers of Confederation," in all schools. The secretary sent out copies to members of the executive and asked for opinions as to the scheme. J. G. Elliott, Kingston, past president of the Ontario Educational Association, replied: "I am fully convinced that the picture of "The Fathers of Confederation," should be as much a part of the equipment of every school in Ontario as the Union Jack, flying at the mast head of every school building. Every trustee board should take pride in adorning the school walls with pictures of the King and Queen and the great leaders and statesmen of Canada, and a splendid beginning would be in placing "The Fathers of Confederation" in a prominent position. Loyalty and love of country would be visibly taught and many a pupil would seek to become one of Canada's foremost men in making our native land the best and mightiest in the world. We teach far too little of Canadian history; the glorious events of the past are full of romance, of devotion, of courage and foresight, and should be constantly impressed and presented to the generations that pass through our schools. Let Canada live in their lives.—Collingwood Bulletin.

"Consumption Is No Respecter of Persons"

In one of the glistening, beautiful rooms of the Muskoka Hospital for Consumptives, Harry Williams occupies a bed right next to Jim Thom. Harry was studying Arts in the Toronto University, while Jim was a laborer in another city. (Of course that was before both knew that they were victims of consumption.)

Harry is a handsome young man say about 22, and is particularly well versed in English literature. His home is in Wiarton, Ontario. Harry's brother is a native, too, and it was he who asserted that when Harry went back to school last fall, that he be thoroughly examined. The examination revealed consumption.—So Harry was sent from his classes, packed up his belongings and journeyed to the Muskoka Hospital for Consumptives. "Consumption," he knew, "Consumption" was no respecter of persons. It gets as sick as any poor man. Jim was a laborer and worked hard for years while Harry labored in the life. He [illegible] home surrounded [illegible] been reared in a little [illegible] understand it and patient struggle for big [illegible] Harry [illegible] but two of the many who [illegible] sent entirely dependent [illegible] Consumption [illegible] lies on the [illegible] friends.

"Eczema on My Face Completely Relieved"

Miss Winifred Ernst, Box 48, Blockhouse, N.S., writes:

"Ever since I was a little child I suffered with eczema on my face. At times my face was completely covered with large sores, and I tried nearly every kind of medicine that I heard of with no results. This lasted for over twenty years, until one day I asked the advice of my druggist who bade me give Dr. Chase's Ointment a trial. After using the Ointment for a few days, the sores began to heal, and soon I was completely relieved of the disease."
