Did You Ever Stop to Think? THAT we all should take a mental inventory and find out how we stand in ability and honesty of purpose and willingness to make Markdale better and bigger. THAT no man is a success who only enriches himself. The man is a success who enriches the community. THAT there is only one town in the world in which to live and prosper and that is the town in which you live. THAT a good way to boost the home town is to buy from the local business concerns who advertise in local papers. THAT local advertisers are the people who usually lead in the things that keep a town moving forward in the march of progress.
