

QUALITY IN FRUIT

What is the difference between high quality apple and one of lower quality? Of course tastes different. Of course a variety that would make one person enthusiastic might please another person at all.

In the second place we have to consider the acid in the fruit. With peaches, cherries and some cranberries, it is made acid, while in apples we have both malic and tartaric acid.

The third factor in making the quality of a fruit is the essential oil. These oils are complicated and variable in chemical composition.

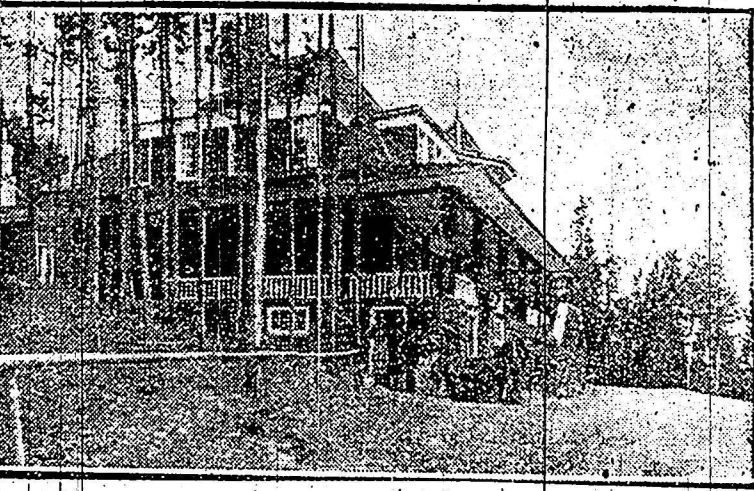

There is work and a lot of it in the home. This cannot be avoided. Some women are housekeepers instead of housewives.

Should be Done Daily. I cleaned our chicken pen the other day. It had not been cleaned for a month, so it was in a sorry condition.

Pop-Overs That Pop. Why don't my muffins rise like those in the illustrated advertisements? I sighed the new housekeeper.

The Ad Game. Even with all the beautiful toys on the market there comes a time when the shut-in child wonders what he might do that is different.

Where climbers of the Canadian Rockies gather. Headquarters of the Alpine Club, Banff.

The Hardest Things.

The basket was heaped with smoothly folded clothes. Anne was going to iron them while Aunt Martha was out.

It seems to me that it is the way the Lord gives us our work," went on the little neighbor, gently.

Soviet Decree.

A recent decree obliges all high-school boys in Soviet Russia to study military tactics and attend three months at least in military camps.

The Princes Drummer.

When the Prince of Wales returns to London from selling the contents of his far-apartments they probably will think up something for him to do.

S.S. LESSON

September 13. Paul in Thessalonica and Berea, Acts 17: 1-12. Golden Text—Prove all things; hold fast that which is good.—1 Thess. 5: 21.

ANALYSIS. I. REASON AND UNREASON AT THESSALONICA, 1-10. II. BETTER THINGS AT BEREA, 11-12.

It was a reason for making a special halt at Thessalonica, the capital city of Macedonia, a large and flourishing commercial and industrial metropolis.

Paul's method was to preach for several successive Sabbaths in the Jewish synagogue. Here his practice was following the custom most familiar to Jewish hearers.

Jason and some others who had transferred their faith from Judaism to Christianity, had dragged them before the magistrates, protesting that Jason had received into his house certain persons, Christian missionaries, who were engaged in disturbing the peace.

The Jews of Berea showed a frank open-minded willingness to consider the truth announced by Paul. They came together daily for Scripture study and exposition.

The result was a large conversion of Jewish hearers. To this was added a further increase of strength from among the spiritually-minded Greeks, who adhered to the synagogue.

When you take the trouble to scrub up pretty wash clothes, you will not want the material to shrink.

When the sun is out, the water makes you dry faster. When you wash clothes, you should use a good detergent.

KITCHEN COSMETICS

BY ANNA NIXON.

Beauty culture in the kitchen? Why not? Too often the beauty of the face is sacrificed to the beauty of the body.

Beauty culture in the kitchen? Why not? Too often the beauty of the face is sacrificed to the beauty of the body.
