Nothing.

The English teacher asked her class to write a theme on what they would do if they had a $1,000,000. All heads bent over their desks save one. Henry sat doing nothing. When the papers were collected, he handed in a blank paper.

"How is this?" asked the teacher. "All the others have written two pages while you have done nothing."

"Well," replied Henry, "that's what I would do if I were a millionaire."

Minard's Liniment used by Physicians.

The largest egg laid by any European bird is that of the swan; the smallest that of the golden-crested wren.

Increase Poultry Profits by Marketing Co-operatively

THE Western Wheat Producers, the Ontario honey men and others, have made co-operative selling a marked success. They have stabilized prices and increased their profits by standardizing, grading and shipping methods; and, applying efficient salesmanship and reserve funding to the disposal of their crops. By these methods the poultry producers, too, can secure these benefits.

The outstanding proof of this in Prince Edward Island, where, for the last thirteen years, expert and efficient salesmanship applied to co-operative marketing has saved thousands of dollars annually for the poultry farmers and permanently stabilized their markets.

Naturally, to be successful, co-operative marketing must be handled efficiently. How to form and operate successfully a local organization is detailed in the FREE booklet, "Co-operation in Marketing Poultry Products," issued by the Department of Agriculture at Ottawa. This is one of over five hundred helpful pamphlets on farm subjects. To obtain it, together with complete list of FREE pamphlets, fill in this slip, and return it post free to

Our Grandmother Tongue.

If English is our mother-tongue, why, of course, Anglo-Saxon is our grandmother language for it is the mother of the English speech. Let me tell a few of the interesting things that may be told of this very aged lady.

In the first place, she belongs to a very ancient and respectable family. She is a sister of the Latin and Greek tongues, and possesses certain strong family traits.

For instance, our grandmother-tongue has, like those of her two sisters, declensions for the nouns, and conjugations for the verbs. There are no less than four of the former, while there are five cases, instead of three only, as in English. There are three genders for adjectives, and for the personal pronouns three numbers.

With six conjunctions and a most delicate subjunctive mood and plenty of tense, every shade of meaning may be expressed, the sisters—Latin and Greek scarcely eclipsing our dear grandmother in this beautiful feature.

Unlike the French, Anglo-Saxon is inflected; and like the German, the order of the words in the sentences as they fall from our grandmother's lips need to be changed into our English arrangement.

It will be a good thing if the study of our grandmother tongue be more generally introduced into schools and colleges. It would be as good discipline as that of her relatives of Greece and Italy, and far more useful.

To teachers of grammar, an acquaintance with the old lady would be particularly beneficial. Few teachers ever know that "loved" is merely a contracted form of our grandmother's love-did; that "methinks" is not poetical English at all, but, on the contrary, Anglo-Saxon prose, and means "to me it seems"; and that, in "he went a-fishing," the a is the preposition on—"he went on fishing." In fact, nearly all our present grammatical forms come from this respectable ancester.

Keep Minard's Liniment in the house.

Including Alsace-Lorraine, France is now probably richer than she was before the Great War.

RHEUMATIC PEOPLE CAN NOW FIND RELIEF

By Driving the Poisonous Acid From the System.

Rheumatism attacks people when the blood is thin and watery, or charged with impurities, thus setting up inflammation of the muscles and joints. Cold, wet weather or sharp winds may start the pains, but the cause is rooted in the blood and to get relief it must be treated through the blood. As a blood builder and nerve tonic Dr. Williams' Pink Pills are unsurpassed, and for that reason do not fail to give relief to rheumatic sufferers when given a fair trial. Among the rheumatic sufferers who have proved the great value of this medicine is Mrs. Simeon J. Tatton, Indian Head, Sask., who says:—"For over two years I was an intense sufferer from rheumatism and until I began the use of Dr. Williams' Pink Pills no treatment that I took helped me any. The trouble grew so bad that I could not move around the house without help, and finally I had to give up and go to bed. Words cannot tell how much I suffered, and I could not bear to have anyone come near me. Finally one of my neighbors strongly urged me to try Dr. Williams' Pink Pills, and I decided to do so. In the course of a few weeks I could feel an improvement, and I was able to get up. I kept on taking the pills until all traces of the trouble were gone, and I could again do my housework, feeling like a new person. Three years have passed since that and there has never been the slightest return of the trouble, so that I feel safe in saying that the relief brought by this medicine is permanent."

You can get the pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Tallow From Trees.

In Sierra Leone grows the cream-fruit tree, the fruit of which has the taste of cream and is very agreeable to the palate. In Ceylon there is a bread-fruit tree, from which a type of bread is made. It is said to compare favorably with the ordinary article.

In South America we find a milk tree, and a tree that grows in Sumatra is known as the vegetable tallow tree. Probably the Eskimos would like to get this to grow in the Arctic regions, for the early Arctic explorers had a task to keep these people from devouring all their candles as dessert after meals.

Excellent candles are made from the berries of another tree which grows in South Africa and the Azores.

Luke Brothers Nurseries Montreal

The Pyramids by Moonlight.

This silver sheen of light
Has made a mystery of stars and sand,
The desert air, from some far lonely land,
Sweeps on in scentless night.
And with long shadows moving slowly by,
Black camels press against an argent sky.

The monuments of Kings
Who hoped to live eternally in stone,
Rise up, majestic, terribly alone,
Bereft of secret things.
There is a silence and a space so vast
That Time has sighted and trodden softly past.

And then as now, men lay
With wistful, upturned eyes that sought to probe
Beyond the star-strewn depths of God's dark robe;
And then, as now, have they
Been given only Beauty in reply
Beauty—and the night wind brushing by.

—Adele De Leeuw.

The Gleaning Bell.

In many parts of rural England one may still hear the gleaning bell being sounded at morn and eventide, to tell the country folk when they may begin gleaning and when they must cease.

The custom is of considerable antiquity, being mentioned by Tusser in the year 1557. As a rule, the bell is sounded from the belfry of the parish church, and the ringer is entitled to a penny for the whole period from each family that goes gleaning.

In some parishes, however, a crier perambulates the district with a hand-bell; while in others a gong, suspended from a tripod on the village green, is utilized.

MAKE CARE OF BABIES EASIER

Baby's Own Tablets Are a Great Help to Mothers of Young Children.

Stomach disturbances and constipation are responsible for much of the peevishness of babies. The modern mother does not resort to so-called soothing mixtures but corrects the trouble by sweetening the little stomach and giving a gentle laxative that acts without griping. Such a remedy is found in Baby's Own Tablets, easy to take and guaranteed to be free from opiates or narcotics.

Every mother who uses Baby's Own Tablets becomes enthusiastic about them. Mrs. Oscar Auger, Holyoke, Mass., says: "I have used Baby's Own Tablets and think them a splendid medicine for constipation and other ailments which affect little ones. I have no hesitation in recommending them to other mothers." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont. A little booklet, "Care of the Baby in Health and Sickness," will be sent free to any mother on request.

SICKNESS HEALED BY SPIRITUAL MEANS

Christian Science Lecturer Claims No Incurable Disease.

The Christian Science lecture radiocast from Massey Hall, Toronto, gave many an opportunity to hear for the first time something authentic about the subject.

After half a century of growth the claims of Christian Science that spiritual healing is to-day practical is being recognized by material systems of healing and by the older churches. The lecturer, Robert Stanley Ross, of New York, spoke in part as follows:

Christian Science is demonstrating that it is the Christianity of Jesus made practicable to-day. Now, as of old, it is showing mankind how to escape from all evil. No matter how long one has been ill, no matter how deeply one may be involved in sin, no matter how heavy one's burden of sorrow, poverty, or care, Christian Science joyfully points the way out, not through death and the so-called hereafter, but here and now. The Bible tells us that the kingdom of God, the kingdom of heaven, is at hand here, now; and that now is the day of salvation; that now are we the sons of God.

All of us know that an ugly disposition (which is a mental state) will manifest itself in harsh, unlovely features (supposedly a physical state); whereas a gentle disposition (which is a mental state) will manifest itself in a smiling and serene countenance. Some one has well said that if fear, irritability, and hate will distort the features, they will distort likewise the heart, stomach, and liver. Why not? Jesus recognized clearly that it is not mere food which disarranges the human system, but fear, sensuality, hate, and other poisonous, destructive beliefs.

Writing on page 248 of Science and Health, Mrs. Eddy says: "Let unselfishness, goodness, mercy, justice, health, holiness, love—the kingdom of heaven—reign within us, and sin, disease, and death will diminish until they finally disappear." All of which indicates that mortals are healthy or unhealthy, happy or unhappy, strong or weak, alive or dead, in the proportion that their thinking is good or bad, spiritual or material. Centuries ago the wise man said: "As he (a man) thinketh in his heart, so he is."

In the sight of Infinite Love there are no incurable diseases; there never have been any, there never will be any. The Psalmist knew this when he sang: "Bless the Lord, O my soul, and forget not all his benefits: who forgiveth all thine iniquities; who healeth all thy diseases." Note well that it reads all thine iniquities and all thy diseases, not some of them.

Daniel Didn't Dare

Daniel summoned up courage one night to escort a pretty girl [illegible] church. At the breakfast table the next morning his father asked: "Well, Danny, did you take any girl home last night?"

"Yes," stammered Daniel.

"Who was she?"

Daniel hesitated and finally blurted out: "I thought it was Ruth, but when we got to the door we went into Mary Bates's house."

"But couldn't you have found out her voice?"

"Neither of us said a word," stammered.

MRS. B. H. HART SICK FOR YEARS

Wants Women to Know How She Was Made Well by Lydia E. Pinkham's Vegetable Compound

Cornwall, Ontario.—"I am now giving your medicine a fair trial and it surely is doing me good and I am going to keep on taking it. I used to feel so tired in the morning that I didn't want to get up, but that feeling is leaving me now. I also sleep better and feel more like working. For seven or eight years I have had headaches, tired feelings, pains in my back and across my body. I read letters in the newspapers saying what good Lydia E. Pinkham's Vegetable Compound had done others. My husband says I quit too soon, but I am not going to stop taking the Vegetable Compound and Lydia E. Pinkham's Blood Medicine until I am better and I won't an ache or a pain. Isn't that the right way? I have great faith in your medicines. They must be good when those who take them speak so highly of them. I am recommending them to my friends and I will gladly answer letters from women asking about them."—Mrs. Bert H. Hart, Box 1081, Cornwall, Ontario.

Mrs. Hart wants to help other women and is willing to answer letters from sick women asking about the Vegetable Compound.
