Reunion— After Years of Separation

Some ten or eleven years ago Mrs. H. changed fine plans for her family. Her four girls were all bright, vivacious and full of life to travel through life without a blemish. But then, two years ago, in the meantime Mrs. H. developed consumption. This disease, following quickly upon this disastrous blow, showed signs of weak lungs and heart, and the family had to leave to Muskoka to recuperate their health. In two years she recovered cured, but then it was not the end. The other sister, Mrs. W. L. Young, also fell ill in the way of tuberculosis. They are now at Muskoka, and making the same progress that their sister made. The father, the oldest girl and youngest boy are now at home, the coming day of reunion.
