Re-union—
After Years of Separation

Some ten or eleven years ago
Mrs. Donald's plans for her
all bright, clever children who seemed
free to travel through life without a
single handicap.

But that was years ago. In the
meantime Mrs. Donald developed consump-
tion. This disease the eldest girl
showed signs of weak lungs and was
promptly sent away to the Muskoka
Hospital for Consumptives. In two
years she returned cured.

But that was not the end. The
other children, except the youngest,
also fell in the grip of tuberculosis.
They are now at Muskoka, and mak-
ing the same progress that their sis-
ter made. The father, the eldest girl
preparing for the coming day of re-
union.

Contributions may be sent to Hon.
W. A. Charlton, President, 223 Col-
lege Street, Toronto 2, Ontario.

**Too Much Hockey
Ruined Donald's Health**

It is often said that tears are just
a step removed from joy. For Donald
knew that. At the age of 14 he was
attacked by the hockey fever which
is now going to parties and do-
ing all the things that a red-blooded
young man will do. When joy was at the
height of its appearance in connection
with the game of hockey, he was
nothing to do, the doctor
said, but drop everything and go to
the Muskoka Hospital for a thorough
and constant treatment. Donald
has now forgotten his recent
illness. In his happiness over
the fact that he is soon to be sent
home, he has forgotten that he is
ill. Contributions may be sent to Hon.
W. A. Charlton, President, 223 Col-
lege Street, Toronto 2, Ontario.
