Here and There

Stormont, the best mine in Nova Scotia, when gold-mining in the province was an industry, is to be re-opened. Until it closed down, twelve years ago, Stormont mine had produced over 575,000 tons of ore, giving an average of free gold of \$413 per ton, or \$2,225,000 during its activity.

A record single shipment of Indian motor-cycles, consisting of 85 cases, from Army, Mass., recently arrived in Tokyo, Japan, having come forward by Canadian Pacific Rail and steamer lines. The demand for motor-cycles in Japan is a steadily increasing one, being a cheap and convenient method of locomotion and well suited to the somewhat narrow roads of that country.

Twenty-one British Rotarians recently came over to Canada on the Canadian Pacific liner "Montclair" en route to the International Rotary convention at Denver. On their return trip they came back through Canada, travelling to Winnipeg and Fort William, and taking the Great Lakes trip of C.P.R. steambent to Port McNicoll. They returned to the Old Country by the C.P. liner "Montcalm."

The Canadian Pacific Railway has just added two of the new Mount Class observation cars to those running out of Montreal. Five more are just about ready to run and the balance of four cars will be ready for service shortly after these. They are all-steel cars, made up of three compartments, and one drawing room with a parlor room and observation platform. They will be a feature of long-run trains on the C.P.R.

The English football team now touring Canada had one of the most strenuous work-outs in the history of any athletic body. Staying for a week-end at the Chateau Lake Louise they had a practise at an altitude of a mile and a half above sea level, where the thinness and dryness of the air had a wonderful effect upon them. Their prize-fighters in training had not utilized the marvellous properties of this training camp.

A fourteen-car special Canadian Pacific Railway train carried more than a hundred of the most prominent representatives of banking and financial interests of New York City and State to Quebec, where they held their 33rd annual convention of the New York State Bankers' Association at the Chateau Frontenac recently. Included in the party was Col. J. W. McIntosh, Comptroller of Currency, Washington; and W. J. Donovan, Assistant Attorney-General of the U.S. and several financial specialists of New York's leading newspapers.

While Canadian Pacific train No. 87 was standing on public crossing preparatory to taking passing track, an automobile, occupied by four persons ran into the side of the train, badly damaging the auto. In another case, a driver said he saw the train and heard the whistle signals sounded, but too late to avoid running into the side of the engine. Yet again, a touring car, travelling about 25 miles per hour, ran through the crossing barriers at a public crossing in Montreal but did not stop. No injuries were reported in all three incidents.

Representing capital running into billions of dollars, a party of around eighty prominent bankers, financiers and men representing commercial and business interests, recently arrived at the Windsor Street Station, Montreal, from New York, and made a tour of the pulp and paper industries and the new aluminum districts of the St. Maurice and Saguenay Valleys in Quebec Province, with a view to personal inspection of the prospects in those great developments. The party was accommodated with five twelve-section compartments and drawing room sleepers, two dining cars and the private car "Montmorency" the whole being C.P.R. equipment.

MONUMENTS

Scott & Foreign Granites a specialty. Workmanship guaranteed. Up-to-date Equipment. Cemetery Lettering and Repairs given special attention. Advice and sketches free on application.

Sr. Pr. to Jr. I—E. F. Hodgkinson, J. Clark, G. Thompson.
E. L. Abercrombie, teacher.

There is only one way to kill all the Flies
WILSON'S FLY PADS
This is it—Darken the room as much as possible. Close the windows, raise one of the blinds where the sun shines in, about eight inches, place as many Wilson's Fly Pads as possible on plates (properly wetted with water but not flooded) on the window ledge where the light is strongest. Leave the room closed for two or three hours, then sweep up the flies and burn them. See illustration below. Put the plates away out
