The Season's Latest Noveltles for Women

Handbags of leather strands woven n a hand loom are the very latest most popular. It is stylish in black povelty in London. They made their appearance at the recent British In hide and which wears well. Some of uetrics Fair where they aroused great deal of interest, and a consign ment of them, with some other beauti ful new goods, was shipped by an onterprising American buyer in time to appear on Fifth Avenue, New York, the week after the fair closed.

This original leather fabric is seen in diagonal stripes showing ombre ef fects in sunset colorings. A flat pouch bag with alternating stripes in madder pink and gray set in a beige-covered clasp was lovely. It was a pochette in gold and mauve, the mavue stripe edged with a tiny jacquard pattern in red, which reproduced just the tone seen in the sky when the sun sinks into the west. Bags of the same woven leather in a tiny jade and beige or Nea politan blue and beige check effect bound with green or blue kid are very smart. Good taste is well shown in one of these new bags in belge diaconally striped with blue.

Covered Clasps Though pochettes are still used the Though pochettes are still used the Though only 14 inches in length it flat pouch bag predominates. Kit cov-holds not only an umbrella but a silk red clasps are much in evidence, in high-class goods, in preference to offskin-lined pocket to contain the lat-those made of metal. Some beautiful ter. A great feature is that the offbags, prepared for social functions of skin, which is of a particular kind the coming season were composed of manufactured in Scotland, remains white kasha with a small pattern in odorless when the coat is put in wet. Oriental design and coloring see in in the center of the lag is an oil-skin clasps covered with pale colored shoe sheath to hold the umbrelia and into

kasha, and of felt are also among the bag itself is a mirror and the other very newest things. The kashas are seen in ombre stripes, one in which are taken right up to the top so that blended. These are accompanied by

A delightful bug for the traveler is amusingly called the "sit-down" bag. Although supplied with fittings within, it folds up flat as a wallet to tuck under the arm; but opens out to si; comfortably on the table when its contents are required. The frame also opens out square at the top to give easy nocess to a passport, purse, and other fittings. This is attractive in hide in beautiful colors, of which cherry and a
