4-Wheel Brakes

- Amazing economy
- More Miles Per Gallon
- More roominess
- Greater beauty
- 55 miles an hour
- Clear vision posts
- Low gravity centre
- Snubbers
- 6 Different Body Styles

IT COSTS LESS to drive a Whippet than any other light car. Thousands of Whippet owners will testify to that. And in addition to its remarkable economy you get many advantages no other light car can equal.

4-Wheel Brakes—The Whippet is the only low-priced four-cylinder car that offers you the necessary safety and security of 4-wheel brakes. Don't be diverted from 4-wheel brakes—protect your resale value.

Greater Room—Judge the roominess of the Whippet from the inside. By measured test the Whippet offers more leg room than any other light car, due to its unique body and dash construction.

Greater Beauty—The Whippet is modernly designed with long low graceful lines. Beautiful colors of unusual harmony and distinction.

Greater Speed—More than you'll ever need, 55 miles an hour is all we claim. Many owners report better than 50.

Acceleration—5 to 30 miles an hour in 13 seconds.

There is no matching the Whippet's many modern advantages at anywhere near its new low prices—and no matching its low cost of upkeep at any price. See the Whippet. Get a demonstration.
