EXCLUSIVE

Willys-Knight with its Exclusive Sleeve-valve Motor is now obtainable at New Low Prices

The Willys-Knight sleeve-valve engine is patented, protected, exclusive. The only automobile engine in the world that actually grows smoother and more powerful with use.

Because of its simple sleeve-valve construction, there are no carburetors, no valve-grinding, no springs to weaken, nothing to adjust, nothing to peep or repair.

And now, Belfex Shackles—another exclusive feature—replacing the older-style metal shackles used on other cars.

These advantages plus the comfort of this magnificently-built chassis—the regal beauty of line and finish—the richness and completeness of equipment—make the Willys-Knight the most advanced of today's motor cars.
