The Ladies' Aid met on Thursday afternoon, Sept. 8th, at the home of Mrs. Nelson Kirk, with Mrs. Kirk in charge. The meeting opened by singing Hymn 404 after which the Lord's Prayer was repeated in unison. Miss Lizzie Kirk read the scripture lesson from Psalm 130. The roll call was then responded to by 11 members and two visitors. The minutes of the previous meeting were read and confirmed. Plans were made for the Sunday School picnic and also for the Harvest Thanksgiving Services. The meeting closed with the Hymn "Abide With Me" and the benediction by the Vice-President in charge. The remainder of the afternoon was spent in quilting the photograph quilt. At the close Mrs. Kirk served a dainty lunch and was assisted by the girls present. Will Enforce Regulations

Mr. J. S. Culp, traffic officer on the Provincial Highway between Arthur and Owen Sound, was in town on Thursday afternoon. He has been instructed by the Department to prosecute all offenders against the provisions of the Highways Act, particularly those who drive with faulty lights, one light or no tall light and those who fail to observe the stop signs. It is necessary to have the lights tested in order to be sure that they comply with the requirements. No further warning will be given. It is up to the owners of cars to see that they have complied with the law. An officer is being placed on the Highway between Orangeville and Owen Sound and prosecutions will be made for all offences. Get your lights adjusted and keep them in order and before you drive onto the Highway, stop. Slowing up, even if no other car is coming, does not fulfil the requirements of the Highways Act. It says "stop," and stop you must.

Petroleum Royalties

Some idea of the extensive Royalty interests of the Petroleum Royalties Company may be gained from the recent statement by the President that the Company now owns 65 royalties with 597 producing wells on 25,572 acres with a production of 1,066,000 barrels per day; the Petroleum Royalties Company's Royalty share of this oil, exceed 600 barrels daily, with a cash value of upwards of \$24,000.00 per month.
During the next few months the Company has invested largely in the great Seminole Oil Field in Oklahoma, and on account of the excessive flow of oil in this field a considerable quantity of the Company's Royalty oil is run to storage, and when paid for the Company's income will be increased over the above figure.
After dividend requirements have been provided for the Company is able to invest upwards of \$15,000.00 monthly out of its surplus income in producing new royalties, and it is reported no funds of the Company are invested in non-producing royalties.

The Petroleum Royalties Company have no bonds, mortgages or other indebtedness, and its finances are in a strong position which is being improved steadily, as the Company's reports from time to time give evidence.

Stanley Doherty Killed

While assisting in laying the sleepers at his brother's home on the 7th line, Euphrasia, about eight o'clock Friday night, Mr. Stanley Doherty of Griersville was accidentally killed by falling off the corner of the foundation where he was standing, on a pile of stones. Death was instantaneous. It is thought that he must have lost his balance after adjusting one of the sleepers, and having only one arm, was unable to save himself. The deceased was the owner of a threshing outfit and was helping his brother, Percy, put covering over the foundation of a barn which was destroyed by fire about two weeks ago, as a shelter for livestock, and also for a temporary accommodation for grain which was to have been threshed on Saturday. The unfortunate man was the eldest son of Mr. Samuel Doherty of St. Vincent. He was about 38 years of age and leaves a wife and four children, the youngest about a month old. He had lost an arm in a threshing accident about 12 years ago. He is the third member of the Doherty family to meet death by accident. Sincere sympathy is expressed for his bereaved widow and family.
