VOL. 48; NO. 25.

MARKDALE, ONTARIO, THURSDAY, FEBRUARY 16th, 1928.

ONE YEAR IN ADVANCE

Traverston

(Special to The Standard.)

St. Valentine's Day is being celebrated by the neighborhood holding a progressive crockole party at the home of Mr. E. R. Peart.

The hamlet is hustling these times. 'Tis quite a common thing to see Mr. James Plastic's soap rolls, three or four teams with grits at Mr. G. S. Street's and as many more unloading sawlogs or shingle timber. 'Tis like unto days of old.

Our sick folk are improving. Mrs. Wm. Finch and Miss Harriet Smith are getting along nicely.

Mr. J. H. Robson purchased a live type of Hereford from Mr. Wm. Lawrence of Wilder's Lake last week. He is of the low-set, strong-bred type and will tend to improve the stock of the community.

Several of our farmers are changing their mode of farming, going in for clover seed production. Among others are Messrs. Alfred O'Neill and Jas. Haley, who have quite a quantity of magnifico clover seed. The former had over \$8 basis to the acre.

Messrs. Wm. Weir and Albert McNally are hauling maple logs for Mr. W. J. Greenwood to Hanover. They are a good sample.

Messrs. Oran and Rob Peart have delivered over six thousand feet of pine to Mr. Orr Minnis of town, which they have taken out of the swamp recently acquired.

Mr. Arthur McClocklin of the 4th con., underwent an operation in the Red Cross hospital in Durham last week for a removal of some growth in his nose.

Mrs. John Davis of Gore Bay has spent the past ten days with her wife, Mrs. Jos. R. Edwards.

Mr. West Armstrong and friend of Elsherton were over on Friday last inspecting a pile of telephone and hydro poles.

Now it is getting well advertised those "roses" thought to be originally considerable money in sheep claims. However, its natural scenery, its famous speckled trout, fishing and its numerous springs and crystal creeks will always have a charm.

All roads led to Keeve & J. Brodhead on Friday night, last, when he and his brother half gave a monster party over one hundred and fifty guests, who were warmly welcomed and treated to the best of things. The crowd dropped in to pay their respects and leave their appreciative words for the dead and host.

Very briefly do we congratulate The Standard, Editor and son, for the wonderful improvement in the paper during the last two issues.

Holland Centre

(Special to The Standard.)

The Holland Centre United Church congregational meeting was held on Friday evening, February 10th. Interesting reports of the nine months work in the Sunday School were given by each teacher and the superintendent.

The receipts of the Sunday School and the Ladies' Aid were about \$66.00 each but both these organizations have rendered fine service during the year that is not measured in dollars and cents. The Young People Society raised \$30. for the Maintenance and Extension Fund and are at present following a leadership training course each week. The total amount raised for the M. and E. fund was \$229 which is a very creditable showing for the congregation. The church treasurer's report is the best he has given. The total amount, not including the M. and E. fund, was \$97.00 making it possible to pay for the piano in full as well as the parsonage alterations of \$150.00, with a balance of \$66.00 on hand to begin the New Year. This will assist in the expense of wiring the church for the hydro when Holland Centre servers that service. Mr. Emerson Craven was re-elected treasurer while Mr. Thomas Frougton and Mr. W. E. Hampton were re-elected stewards.

There was a good attendance at the Missionary Service on Sunday evening when the work among the Indians at Island Lake, 200 hundred miles beyond Norway House in Northern Manitoba, was illustrated by lantern slides. This will be repeated at Berkely on Monday evening, February 20th.
