So far—and yet so near!

"I tried calling on Long Distance and let him know I got here all right. Then neither of us will be worrying. It's wonderful to be able to visit you like this, and yet keep as close touch with home as if I were there. What must it have been like in the old days, before Long Distance made it possible?"

"I'll place the call for you while you are taking off your wraps."

"That will be fine. Just ask for our number, 124, so I'll get the cheaper Station-to-Station rate. In a couple of days I'll call up again, in the evening, so I can have a few words with the children, too. The Evening Rate after 8:30 is really very low."
