An award of this nature is made each year by the Harvard Business school with the object of raising the standard of advertising, and includes a cheque of two thousand dollars to the advertising agency which handles the campaign. The fortunate winner in this case is Mr. W. P. Tuttle, President of the Ronalds Advertising Agency of Montreal. This is the first occasion in the marvellous good these pills flid which a Canadian campaign has been so honored. The announcement was made at a banquet held recently at the Faculty Club of Harvard.
