I saw her hands to hear another report of the little package. I saw her hands to hear another report of the little package. I saw her hands the little package is a saw her hands the little package. I saw her hands the little package is a saw her hands the little package. I saw her hands the little package is a saw her hands the little package. I saw her hands the little package is a saw her ha surance that he was an extremely successful criminal, probably one of those "super-criminals" created by the police to cover up their own incompetence.

I laughed at the idea. This man was nothing but the most mediocre sort of person. Beyond a vicious cun ning, he possessed no mentality at all. The reason for his success lay in the fact that the men opposed to him, the police, were also mediocrities. Imagine a man of real intellect devoting him self to the stupid career of crime-de stection! Graduated policemen wer the detectives who protected society against the schemes of such as m fur-collared friend. And while a po liceman may be morally and physically an exceptional person, mentally he must be on the level of a laborer.

The supercriminal existed only in the newspapers. In reality he wa such a person as my fur-collared friend. And the limitations of the person had been made clearly evident to me tonight. He knew his limita tions himself, and had asked my aid to overcome them. Why, if I chose, could be a supercriminal, a real one not a myth invented to please the writers of Lewspaper headlines and their readers.

It would serve society right if turned against it. I was a gentleman, a man qualified to act as arbiter in matters of taste and culture, a man admirably familiar with the arts. Yet the world passed me by, and preferred to bestow its honors and rewards upon a glorified grocer or a vendor of pig-

It had taken ten generations of aristocratic forbears to produce me While I did not profess to own the creative instinct, nevertheless, by sheer virtue of my family traditions I was qualified to judge the works of creative artists and say: "This is good; that is bad."

Such as I were produced upon this earth to guide and instruct the comto starve. I can conceive no harsher indictiment against society.

Then I smiled at my own heat. I had had my opportunity to become a criminal earlier this evening, and had refused it. I had no intention of changing my mind, and accepting the offer of my fur-collared friend.
