The Low Priced Car

The most recent trend of automobile design is strikingly exemplified in the "Bigger and Better" Chevrolet. The high, narrow radiator, the long, low bodies, the unbroken sweep of the lines from front to rear, the stylish blending of colors in finish and upholstery, these distinguish Chevrolet as unmistakably new and fashionable. In speed, in speed and strength the "Bigger and Better" Chevrolet is no less modern and vigorous. Considerable improvements in engine and chassis give Chevrolet a performance as dependable as it is brilliant. The "Bigger and Better" Chevrolet, alone among low priced cars, has truly equaled the modern spirit.
