'It was a delightful surprise' - writes a Toronto subscriber - 'to find that I could talk to my Mother as far away as Sarnia for only 55 cts. by the Evening Rate. I'm sure few people realize how very little it costs to telephone even to points as far distant as Sarnia, by the Evening Rate, and you would do the public a service by emphasizing this point.'

This is only one of many instances showing that many people do not know how low the Evening Rate on Long Distance is. Call our Manager and ask him the Evening Rate to some point you are particularly interested in. You, too, will probably be surprised.

Colonel Amery landed in Canada from the S.S. 'Aroning' at Victoria on January 6, and will sail for the Dominion of Newfoundland on the Canadian Pacific liner, the 'Montclair', for Liverpool.

His speeches have covered a wide range and have been enthusiastically received by monster audiences throughout. He has been particularly happy in his references to the romance of the British Empire and in his remarks concerning the economic position of the component parts of the British Empire, while in speeches touching on the Empire Marketing Board he has broken new ground with most satisfactory results.

In every speech delivered by Colonel Amery in Canada he stressed the findings of the Imperial Conference in 1926, which made known explicitly to the world, he stated, that every one of the Dominions was an equal imperial partner in the British Empire.

Others to make the trip were Capt. W. Brass, of Lancashire and P. G. Huxley, Assistant Secretary at the Dominion office, and G. Huxley, of the Empire Marketing Board.
