### Essay Competition

On Friday afternoon a pleasant ceremony in connection with Empire Day took place at the Markdale Public School on the occasion of the visit of the Marine Chapter of the Daughters of the Empire. They recently sponsored an essay competition in Form IV, the candidates selecting either of these two topics upon which to write "The British Empire" or "Canada's Relationship to the Mother Country." The object of the visit was to present to the Form a large framed picture in colors of King John signing the Great Charter at Runnymede on the River Thames in 1215. The winning essayist, Miss Mildred Cullis, will have her name engraved on a silver shield to be mounted on the frame below the picture.

Mrs. L. G. Campbell, Regent of the local Chapter of the I.O.G.E., outlined the work in connection with the contest, the judging of the essays and the interest of the society in the welfare of the boys and girls in the public schools and then in a very suitable manner presented the picture. Principal W. J. Messenger in accepting the picture on behalf of Form IV of the Public School commended the Daughters of the Empire for their interest in the school and in providing an incentive to special endeavour such as they had done and mentioned that such contests are of inestimable value to the pupils.

### Grey County Club Holds Party at Leland Hotel, Detroit

On the evening of May 18th, 1928, the Grey County Club of Detroit held a very successful party and dance in the ballroom of the Detroit-Leland Hotel. The music for the occasion was furnished by the Lorenza Orchestra. The soloist for the evening was Mr. John Konecny accompanied at the piano by Margaret Thompson. Their numbers were very well received. While the majority of those present were taken up with dancing, a large number amused themselves by talking of old times and old acquaintances. There was a fine attendance, upwards of 500 people being present.

Everybody had a wonderful time judging from the laughter and the amount of noise created at intervals during the evening.

Other parties will be held from time to time of a bigger and better nature as the membership grows. About twenty new members were taken in at this party. A meeting for the election of officers for a permanent club is to be held very shortly. With the club functioning properly a wonderful time is assured the members as there are some live wires anxious and ready to start things off with a bang. Much credit is due Mr. H. C. Lamb of Markdale and his committee for the way in which everything was carried out.

Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes delicious.—R. L. Stephen, Druggist, Markdale.
