Young People's Society

The social evening which closed the session of the Y.P.S. was perhaps the best this year. Forty young people travelled to Keady to spend an evening with their Y.P.S. The program, prepared by Miss Mary Kane, was of a very high quality. The supper was taken by Kathleen Bonner, and the Scripture lesson by Miss J. Morley. A fair solo by Miss May Kirk and two extremely humorous readings by Mr. J. C. Bell gave much enjoyment to the large number present. The games were in the very capable hands of Miss Lillian Wardrop. Not a moment was dull—the effort of the three group leaders to clothe themselves becomingly in the many costumes created uncontrolled laughter. A most bounteous and delightful lunch was provided by the Ready Y. P. S. A very hearty vote of thanks was proposed by Miss Gladys Breece and seconded by Miss P. Morley. The singing of "Auld Lang Syne" brought this most enjoyable social evening to a close.

No Liquor Store for Chatsworth

A letter from the Chief Commissioner of the Liquor Control Board of Ontario to the Rev. of this village, Mr. S. H. This decision was largely due to the petition, signed by overwhelming numbers of Chatsworth citizens, which was taken about by Messrs. W. Wardrop, T. Collins, and R. McKennitt.

By order of the Department of Highways for Ontario, two parks were planted with trees last week, on the Provincial Road in this vicinity. One is just south of the property owned by Mr. A. Chisholm; the other is at the foot of "Elder's Hill." About 2000 trees, Jack pine and spruce, were sent by the Department and were planted in a very systematic order, furrows being run six feet apart and the trees set six feet apart in the furrow. Fences are being placed about to protect the small trees, which are only a few inches in height; but these will be removed when the growth is sufficiently advanced. The men who carried out the work, under supervision of Mr. Joe Dudgeon, were: Reeve S. Breece, Messrs. A. McColeman, C. Bye, Wm. Richardson, Wm. Bell, Springer and Dudgeon brothers.

After the usual exercises the Scripture Lesson was read by Mrs. Dan Duff, Psalm 99. The roll call was answered by "Pay your dues," to which 29 members responded. The minutes were read and adopted. Sunshine reports were given and a Sec.-Treas. appointed to take charge of the funds of the Sunshine Committee. Mrs. John Sinclair was given the honor. Miss Katy Milson, delegate to the Great Convention, Guelph, read a very interesting and well written report of the Convention, which was listened to with much interest and pleasure. Miss Milson and her friend, Miss Gretta McCallum, enjoyed their trip very much. A short program was given as follows: Laura Ferguson sang nicely "Spring Flowers"; a good paper on "What is Home," written by Mrs. B. Lundy, and read by Mrs. A. G. Ferguson; a well worded report was given by the Sec.-Treas. on the funds and work of the year; how they were made and how spent, with a balance still on hand of \$29.75 to begin the year with. Arrangements were made to get a caretaker for Keward Cemetery, the convenor to carry out plans. There was no election of officers, as all the officials are to remain in office for another year.

The meeting was closed by singing a verse of "Blest be the tie that binds." During the social half hour a generous lunch was served by the hostesses, Mrs. Jas. Mitchell, Mrs. R. Merritt and Mrs. A. G. Ferguson. The next meeting will be held at the home of Miss Annie Walker.

WORLD NEWS IN BRIEF

A cold storage plant to cost \$2,500,000 is to be erected at Halifax, N.S.

Saskatchewan has declared war on the crow and magpie, which are disastrous to the smaller insect-eating song-birds.

The first world conference of the Y.W.C.A. will be held at Budapest, Hungary, June 9-20. Eight Canadian girls will attend.

It is believed that the corn borer is now under control in South Western Ontario. The acreage in corn is being increased this year.

The Ontario Government has granted \$100,000 to the Western Fair Association for the construction of a livestock arena at London, Ontario.

President Coolidge signed the Mississippi Flood Control Bill, which throws upon the Federal Government the task of controlling the flood waters of the great river.

It is feared that the Italian aviator, Gen. Umberto Nobile and party of 18, who cruised over the North Pole on May 24th in the dirigible "Italia" may have been lost. They have not returned to King's Bay.

By the Convention of Commerce recently signed between Canada and Czechoslovakia trade will be facilitated in grain, cereals, agricultural machinery, etc., on the part of Canada, and the glass and china on the part of Czechoslovakia.

Ethylene gas is now being used commercially to hasten the growth of fruits, celery, tomatoes, onions, potatoes and gladioli. The Literary Digest states that a United States scientist has succeeded in developing a plant that produces tomatoes above ground and potatoes below.

Relations are again strained between Italy and Yugoslavia. The Yugoslav Government sent a note of protest to the Belgrade Government demanding immediate reparation for attacks on the Italian consulates in Dalmanita, Belgrade replied that further attacks will be prevented, but national feeling is at high tension in North Italy.

By Attorney-General W. H. Price's Security Frauds Prevention Act, which became operative on May 15th, all who wish to trade in securities must apply, before June 15th, for registration to Col. Denison, Registrar under the Act at the Parliament Buildings, Toronto. The Act was passed in the Ontario Legislature with a view to curbing the activities of worthless stocks and securities.

The British Government last week accepted in principle the American proposal for a multilateral treaty among the world powers outlawing war as an instrument of national policy. It has also been accepted by France and Germany. The original proposal was made by M. Briand, French Foreign Minister, who suggested such a treaty between France and the United States. U.S. Secretary of State, Frank B. Kellogg, at once suggested that the other great powers be invited to participate. Canada's acceptance will have been forwarded before this is printed, also that of Japan.

President Coolidge on May 23rd, vetoed the McNary-Hanger Farm Relief Bill. The Bill provided for a compulsory pool, with an equalization fee not to be invoked unless the co-operatives declared themselves unable to use the credit of the Government for segregating the surplus with the surplus problem. Senator Nobeck moved that the Bill be passed over the President's veto but at the motion of Senator McNary it was referred to the committee on agriculture. The Senate on May 25 refused to pass the Bill which is thus temporarily killed, but will probably be an issue in the coming Presidential election. Governor Smith of New York is understood will support the Bill. Western Republicans hold Secretary Hoover responsible for its defeat and will oppose his nomination.

The Nationalists continue to win in the civil war in China, having sent the Northerners flying from Kalgan, North West of Peking, and forged into Shantung, where heavy fighting has occurred. A week ago the Japanese addressed a memorandum to both North and South, stat-

ing that her policy was to prevent civil war from spreading to Manchuria. Previously the Japanese had demanded the withdrawal of Nationalist troops from the Tsingtao-Tsinan railway; also punishment of commanders of troops responsible for the death of Japanese at Tsinan, and disarmament responsible for excesses during the fighting at that place. The Nationalists responded by resuming fighting at Tsinan as soon as the ultimatum expired. Both parties are struggling for Peking, with the aim of setting up a central government. It is said that while the Southern leaders, Chang K'ai-shek and Feng Yeh-shiang, are on the whole respected and supported by the people in the territory under their control, the Northern leader, Chang Tso-lin, is hated and feared by the population he dominates.

Last week Deputy Reeve Corbett of Proton Slacio had twelve sheep killed by the maniacs and two seriously injured. There are other cases of two and three and one of six being killed.
