Sour Stomach

Just as in the glass樽 of Phillips' Milk of Magnesia in water. It is an alkaline, effective yet harmless. It has been the standard antacid for 50 years among physicians everywhere. One spoonful will neutralize about one-third its volume in acid. It is the right way—the quick, pleasant efficient way to kill the excess acid. Each bottle contains full directions—any drugstore.

THE Firestone Gum-Dipped Tires hold the longest mileage records. You get more for the money because Firestone builds extra miles with special processes, including Gum-Dipping—and the scientifically designed Tire Tread. The largest bus, truck, and taxicab fleets who demand mileage use Firestone Gum-Dipped Tires. See your nearest Firestone Dealer—he will save you money and serve you better.

Always put a Firestone steam sealed, leak-proof tube in your Firestone tire.

FIRESTONE TIRE & RUBBER CO. OF CANADA, LIMITED
Hamilton, Ontario.

Firestone
Builds the Only
GUM-DIPPED TIRES

Femininity

Do not get the false idea that femininity should be associated with weakness. A woman can be just as strong in her femininity as a man can be in his masculinity. And the vitality and buoyancy associated with strong muscles and firm tissues are an important factor in beauty culture.

IS ALSCHBACH A SECOND TECK-HUGHES MINE \$70 to the Ton Across Shaft!

Some Facts About Development Work on the
ALSCHBACH GOLD MINE
KIRKLAND LAKE DISTRICT

9 Veins Upon the Property
Total no assays of \$70 per ton at depth of 45 ft. over full width of shaft. Excellent geological structure; with veins running practically in parallel and increasing enrichment with depth. This property is in charge of Mr. Clarence Alschbach, who sank the original shaft at Teck-Hughes, and is in the heart of the active development going on in the western end of Kirkland Lake District. WE STRONGLY RECOMMEND THE PURCHASE OF THIS ISSUE. Enclosed is Report and Prospectus mailed upon return of attached coupon to

Sunburn? Use Minard's Liniment

OWL LAFFS O.W.L. (ON WITH LAUGHTER)

Barking out of a close place isn't difficult if your wits are sharp and your leaders already crumpled.

To get rich, get a good reputation.

Tell him (the native): What do you think about the weather?

Native: Well, sir, I've thought about it for forty years and we come to the conclusion it's changeable.

Falling in love is about like loafing. If done properly neither leave very much time for business.

"They tell me you have a trial wife."

"Well, she's a trial to me."

"Do you have twins at your house?" said Mrs. Bescombe to little Tommy.

"Yes, I have two of 'em."

"What are you going to call them?"

"Thunder and Lightning."

"Why, those are strange names to call children."

"Well, it's what my mother called them when I was born. I heard they were in the house."

"I'd like to buy you a mighty well," said the daring sheik to his flapper. She replied: "Well, if you are going to buy me that is what I would prefer."

When a man has a birthday, he takes a day off. When a woman has one, she takes a year off.

"What shall I do to keep from falling in love?"

"Try getting drunkards."

WHO ZIS?

Marion on a party line:

To say "who zis" is right,

But it makes me feel as stiff

To answer calls by day or night

And have the one who's calling

Say: "Who zis?"

A lot of people never say their prayers unless they want something.

A soft answer turneth away wrath but it takes the hard cash to turn away the installment collector.

ST. VITUS DANCE

A Trouble That Usually Attacks Young Children.

St. Vitus dance is the name generally given to a disease described by medical men as chorea. This trouble usually attacks young children, though older people may be afflicted with it. The most common symptoms are a twitching of the face and limbs. As the disease progresses the twitching takes the form of spasms, in which the jerking motion may be confined to the face or all the limbs may be affected. Frequently the patient is unable to hold anything in the hands or walk steadily. In some cases the speech is often affected. The disease is due to dilation of the nerves and relief comes through an enriched blood supply.

Dr. Williams' Pink Pills have been most successful in reaching this terrible trouble, their specific action on the blood, which it enriches and purifies. The following instance proves the value of Dr. Williams' Pink Pills in this trouble. Mrs. Thomas Bowen, Barth, Ont., says: "Dr. Williams' Pink Pills have been in use in my family for 20 years and always with good results. I believe they saved the life of my only son. At ten years of age he grew very nervous and the trouble developed into St. Vitus' dance. His legs and arms would shake and twitch, then his speech was affected and his condition was pitiable. Just then he came to me a little hook telling of Dr. Williams' Pink Pills and I decided to give them to him. By the time two boxes were used there was an improvement in his condition and by the time six boxes more were taken all traces of the trouble had disappeared, and he was well and strong. I have also given the pills to my growing girls, and I know of no better strengthening medicine. I may add, that the same applies to grown-ups as well."

You can get these pills through any medicine dealer or by mail at 50 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

True for "Big Bill" Thompson to burn at the school histories that say Lindbergh wasn't the first man to fly across the ocean.

Minard's Liniment for Insect Bites.

When one is offered such an tremendous adventure it would be too inartistic to refuse it.—Amelia Earhart.

The Hill Dweller

He dwells alone among the tall, plumed pines,

His hut upon the green hill's ample breast.

Gazing long upon the serried lines

Of mountain squadrons trooping to the west.

He dwells alone, they say, nay, hardly that.

For in the rain the fleecy clouds, like sheep,

Browse round the little house at dusk

Stirs in the friendly eaves, and fresh from sleep,

Patrols the dooryard on his veering wings;

An orchestra of katydids strikes up

A dance for all the little creeping things.

Of field and wood, while in the sap

Phoebe cip

of heaven the moon of mellow Roman gold.

Lights him to bed where peaceful dreams entold.

—Charles Grenville Wilson.

With the mythical prosperity,

mythical economy, mythical facts,

mythical figures and mythical men,

the last eight years may well be treated

by historians as the mythical age

of American history.—Claude G. Bowers.

Helps in the Daily Housework

Numerous little aids in the kitchen

and elsewhere around the house certainly cut down the time needed to do

much more pleasant.

Here are a few new ideas for the home:

Keep a button-hole near the stove

Try pasting the oilcloth on your kitchen table. It will not slip when washing.

To measure three-fourths of a cup

of shortening, fill measuring cup one

fourth with water, and add shortening

enough to raise the water to the top.

Half an apple in the cake box, the

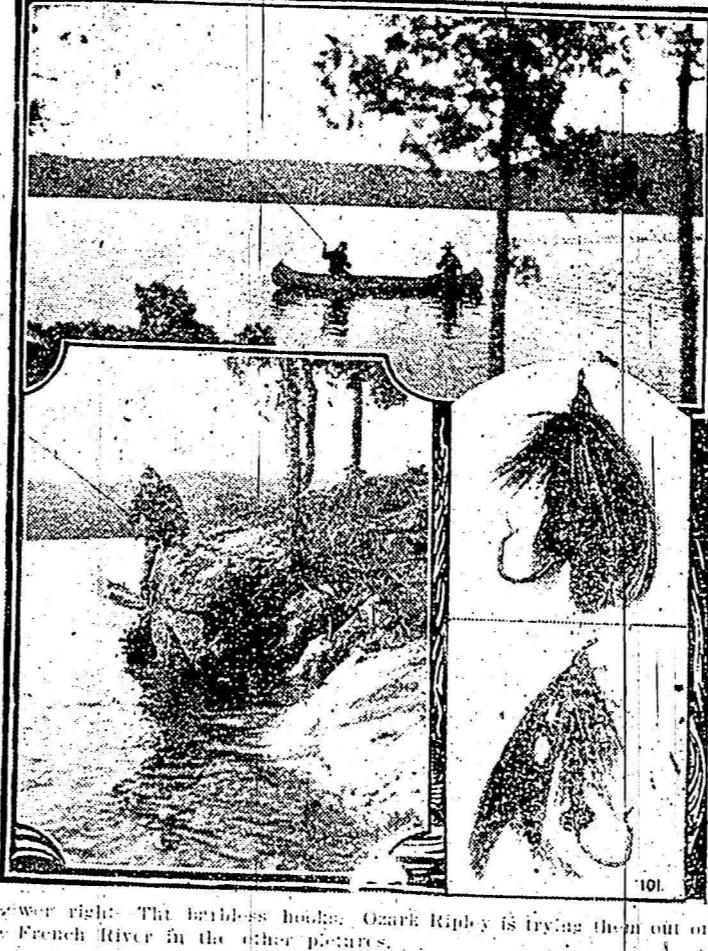

other half in a covered dish with the

cheese, will keep both cake and cheese

fresh indefinitely.

Every Home Needs Minard's Liniment.

Barless Hooks Popular

Lower right: The barless hooks. Ozark Ripley is trying them out on the French River in the other pictures.

The record catches of fish at such remarkable out-of-the-way resorts as the Nipigon River, Muskegong Gang, the Mackenzie Lake, Dufferin, reached from East Temagami on the Canadian Pacific Line near Ottawa, and Devil's Hole, Bungalow Camp at Kenora, are being mostly made with barless hooks. These permit all but the largest fish being freed painlessly and quickly and injured to the water. Some fish being undoubtedly caught two or three times in a season.

The barless hook is perhaps little more skill than the old variety as it holds the fishing line almost as surely, although it may be re-twisted without difficulty. It has become widely popular and especially among the Indians.

The barless hook was invented in the year 1915 by a man named Williams in Ohio. His model having a kink in it in jumping takes the place of a bead sleeping away from the point of the sharp hook, does not injure the line that caused considerable damage in the past.

The barless hook, in which a man named Williams in Ohio invented it, was made by a man named Williams in Ohio. The barless hook was invented in the year 1915 by a man named Williams in Ohio.
