Boyd - Whitmore—That the Glenelg Municipal Telephone be loaned \$75 at 6% interest for 5 months.—Carried.

Council adjourned to August 14th at 10 a.m.

H. H. MacDonald, Clerk.

Department of Agriculture

NEW POULTRY POLICY

Because of the necessity of developing intensive research work at the Poultry Branch, O. A. C., Guelph, the Policy of the Department has been altered. Heretofore all cockerels used at the Poultry Breeding stations from which eggs were secured for the School Pairs were supplied by the O. A. C. Funds provided and space devoted to the Poultry Department have been so limited that only research problems can be undertaken.

The supplying of eggs to the children will henceforth therefore not be carried on. In order that the farmers may have a source of supply of the high class breeding stock the Department are going to carry out the following policy or system of flock improvement.

1. Any standard breed will be specially selected and inspected by fully qualified inspectors four times per year.

2. Records must be kept and all poultry houses must show cleanliness.

3. Good health and quality of stock are essential.

4. Applications must be made before September 1st.

5. All birds must pass inspection, must be properly banded, etc.

6. Proper records must be kept at all times.

T. Stewart Cooper, Grey County Branch, Department of Agriculture, is especially anxious that applications be received at once. The information, instruction and poultry advice which will be imparted will be of untold value to any farmer or farmer's wife.

All farmers writing to the Department of Agriculture, Markdale, will receive a copy of the regulations.

An expert from the Poultry Branch will be in Grey County the first week of August. It is proposed at that time to look over the applicant's flocks whose applications have been received.

Riverdale

(Special to The Standard.)

Miss Mavis Thompson of Markdale is holidaying with friends in this vicinity.

Rev. Mr. Dickson of Walters Falls made a few calls in the Parish last week.

Canada's Market The Empire. ROLL down the map of the world. Follow the British Empire red through the continents and across the seas. There you see beckoning markets for Canada—where fewer trade restrictions intervene, where British tradition is appreciated, where Canada is known. There we can sell. There we can also buy. Canada is buying more Empire goods than ever before. Our raw materials cannot grow or make—raw materials for our factories. Since 1922 Canada's imports from Empire countries have increased 57 per cent. Last year we bought Empire goods to the value of \$250,000,000. And what is Canada selling the Empire? Last year we shipped \$500,000,000 worth of our products to other British lands, an increase of 44.3 per cent. in six years. The various parts of the Empire want more Canadian goods. A demand exists among them for Canadian manufactures, products of Canadian lands or waters. But we must see that our exports are maintained at a rigid standard, that they are of the quality consumers desire, and that our prices are right. To encourage this growing Empire trade, eleven of Canada's four Trade Commissioners abroad, are working in Empire countries. They are familiar with the demands of the people among whom they live. Their services and the information they gather are at the command of any Canadian producer or exporter. To get in touch with Trade Commissioners, write the Commercial Intelligence Service, Department of Trade and Commerce, Ottawa. When you buy Empire goods, you do a part in making possible greater Canadian exports to these sister countries. Where we must also buy. THE DEPARTMENT OF TRADE AND COMMERCE OTTAWA F. C. T. O'HARA, Deputy Minister. Hon. JAMES MALCOLM
