Get Copy in Early

While this paper is dated Thursday it is printed Wednesday evening of each week, which necessitates everything being ready Wednesday at noon. Of necessity quite a portion of the matter for the paper must be in our hands by the end of the week or by Monday noon in order that we may have any chance to handle it in regular hours. Display advertising should never be later than noon on Monday. The public having fallen in the habit of holding their breath until Tuesday, we must request a change. If you have material for publication in future, kindly send it to us as early as possible. We aim to

Notice to Black Knights

James Corrie of Priceville, recently out from Ireland, will deliver the address. At Dundalk the annual church service will be held at 8 o'clock in the afternoon.

Things to Eat

Easy Canning of Vegetables. Green peas, green beans and corn may be canned by the following method. Perhaps the vegetables are best done by the 3-hour sterilization process, but when done this way they are quite good, and both labor and extra fuel are saved. Wash and sterilize with ammonia or other cleanser and place in a pan of hot water or steam sterilize. To 9 cups of the vegetable allow 1/2 cup sugar, 1/2 cup salt, and 2 cups water.

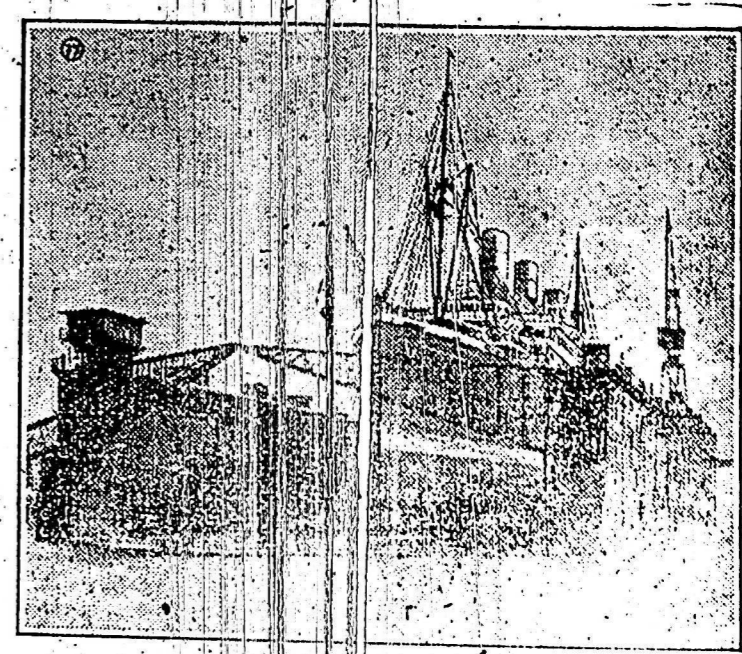

To Think About

"It is a great gift to be born with a hatred and contempt of all injustice and meanness."
 —George Eliot.
 "The secret of success is constancy to purpose."
 —Disraeli.

Put in kettle and let come to a boil, and boil exactly 10 minutes. Fill sealers and screw down. Keep in a cool dark place in cellar. It is best to use new rubber rings, and be sure to dip them in boiling water, also to sterilize the metal rims. Before using drain the vegetable and wash well with clear water; then cover with fresh water, let come to boil and finish cooking. No more salt will be needed for seasoning, but add butter and pepper.

Sour Cream Cake

Break 2 eggs in a cup and fill with thick sour cream. Add 1 cup sugar, pinch of salt, 1 teaspoon lemon or vanilla extract. Beat 5 minutes. Stir in 2 cups flour and 1/2 teaspoon soda dissolved in 1 teaspoon of water. Bake in loaf or layers.

Helpful Hints
Cleaning Windows
 One of the easiest ways is to put a few drops of coal oil in a little soft water. Be sure not to use too much coal oil. Go over the glass with a rag squeezed out of this, then polish with plenty of clean dry cloths.
Meat in Hot Weather
 If you have no refrigerator you can keep a piece of meat fresh for a time in a crock of sour milk, changing the milk if necessary. Keep in a cool place.
Fruit Status
 Pour clear cold water through at once and spread on the grass or bleach, wetting the spot frequently.
