St. Stanislaus Garden Party

There have been four garden parties, in connection with the four churches in Chatsworth this season, and the weather has been kind to them all. Again on Wednesday last the rain clouds drifted away and the sun shone, clearing the way for those who wished to go to St. Stanislaus R. C. garden party, held in the usual place, the Agricultural grounds and hall; and although there were small lakes that showed the reflection of the clouds and trees, lying over "the grounds", even the games were not greatly interfered with, for the softball players cheerfully gathered at the least wet end of the field and splashed around over the damp turf, Chatsworth playing a 2 of the field and splashed around over the turf. The score was 9 to 11 in favor of the visiting team.

In the rink a splendid supper was served by the ladies of the church, to a very good crowd, who, later, were entertained by an enjoyable program of music and an address by the South Grey member for the Dominion House, Miss Agnes Macphail. The musical program was chiefly put on by the Laird Concert Company, Owen Sound, Mr. B. McGuire of Calgary acting as chairman. Mr. McGuire, by the way, spent his boyhood days in Sydenham, and is a brother of Rev. Father J. McGuire. He is now a flourishing barrister in the far western city. St. Stanislaus was fortunate in securing him as chairman, for he possesses the gifts of brevity and dispatch, indispensable attributes of the chairman who puts a program through with "snap and go." A selection by the orchestra was followed by Miss Pauline Maher, played sweetly by Miss Pauline Maher with Miss Margaret Kelly at the piano. Both of these are Chatsworth girls. A song by Mr. Agnew, Owen Sound, was justly encored, and a Highland Piper, stopped by Miss Ina Lettignew, Owen Sound, was greatly appreciated, as were also a banjo solo by Mr. George Owen Sound, a solo by Mr. A. E. Weiler, Holland Centre, accompanied by Miss Beatrice McKinlay, and a vocal duet by Miss Vera Laird and Mr. Agnew.

Miss Macphail's address is always the real meat of the St. Stanislaus garden party program, to which the rest of the program, takes place as the fluffy, if very enjoyable, "sweet." This time she chose to speak on the "Frank B. Kellogg enterprise in behalf of world peace, a subject close to our Member's heart, and one to which she lends her influence at every opportunity. Briefly she gave an account of the Kellogg proposals and their acceptance by sixteen nations, the first of which to respond was Germany, with acceptance in toto, without reservation of any kind. Great Britain made certain reservations that do not affect to any extent the scope of the multilateral treaty to which the nations' signatures were asked. Miss Macphail noted the significance of the fact that the acceptance was signed by Premier King, and handed directly to the United States Ambassador at Ottawa to be forwarded to Washington. Such a procedure has only been possible since the last Imperial Conference, since which Canada has held status as a nation. Formerly the acceptance would have had to go in a very roundabout way. Premier King would have been obliged to hand it to the Governor General, who would have forwarded it to Canada's High Commissioner in London, who would have presented it before Parliament there, from which it would have been despatched to the United States Government. In passing Miss Macphail spoke very highly of our present Governor-General and his wife, Lord and Lady Willingdon, who, she said, are most charming and sensible people.

At the close of the program Rev. Father Nicholas Roche gave a short speech of thanks to the audience, the success of the garden party posing the question, "What is the meaning of the including Mr. John Hemetock, who had loaned lumber for use beneath the flooring."

The evening closed by a "Jitney" dance, which made all the young people happy with a program that included several of the old quadrilles and other square dances as well as the one-steps and waltzes.
