 Markdale, Feb. 12, 1920.
 Dear Mrs. Murray,
 We your fellow members and co-workers of the Beaverdale Anglican Church Guild, having received the news with much regret that you are soon to leave for your new home desire to take this opportunity of expressing our appreciation of the valuable services you have rendered as our president for the past five or six years. You have fully realized the duties and responsibilities connected with the office and have carried them out faithfully.
 We are aware that your removal means a distinct loss to the Guild, but we are sure that our loss will be another gain. You have taken a prominent part in the activities of the Church and the Guild, and we want to tell you how much you will be missed from our meetings and other gatherings. We are glad that your new home is not so very far distant, and we hope you may find opportunities of attending some of our meetings and other social affairs.
 In conclusion we ask you to accept this gift as a memento of the many happy hours we have spent together, and as a slight token of our appreciation. We wish to go with you and yours to your new home.
 Signed in behalf of the Beaverdale Anglican Church Guild:
 Mrs. R. E. Clark,
 Mrs. J. D. Lee,
 Mrs. W. E. Bradley.

Would You Build A House Without A Roof?

You won't start to build a house unless you know you can finish it. The Bell Telephone Company tries to be actually sensible.

The company does not need all its \$75,000,000 of new capital now but will spread its issue over years to come.

But it does need the assurance that, when equipment is started now for future telephones, money can be obtained to finish the job.

By 1934 Ontario and Quebec will need a million telephones. These telephones cannot be ready unless central exchanges and other equipment are started now.
