How Much Money a Year Makes a Melon?

The average shareholder in the Bell Telephone Company owns 27 shares, has paid full par value or more for every share, and gets $216 a year in dividends.

The man who bought his shares on the market 15 years ago and has since taken advantage of every offering, today is getting less than 7 per cent on the money he has paid.

This man is typical. The holders of 84 per cent of the company's total stock subscribe again to new shares as they are offered.

The telephone company has never split its stock nor exploited the public, though it has grown to one of the largest institutions in Canada.

Traverston

February, 1929, will go down in history as a fairly good month in Ontario. Overseas tell a different story.

Mrs. John Ellison has been quite unwell of late and her many friends are hoping for a change for the better with the coming of sunnier days.

Mr. Wm. Baker has neuritis in his legs, which is restraining his activities about the farm.

Mrs. J. R. Edwards received the good news that a 11-pound baby boy was born to her sister and hubby, Mr. and Mrs. Ray McCrae, of Palmerston. He's off to a good start.

A furnace is a fellow whose stomach is hard to keep filled.

Mr. George Street is moving his family this week from the hamlet to Mr. Ed. Norris's vacant house on the 8th.—The "White House" of pioneer days.

Greater quantities of fertilizers are being used by Glenelg farmers this season than ever before. They are waking up to its values and returns. Of course, weather conditions are big factors.

The long, severe winters take heavy toll on live stock of one kind or another. Cattle were heartier, freer from disease and vermin, when they browsed among the fallen tree tops. Men were more robust, too.

Life is a wonderful thing, when a body has no pain or aches.

Demand for seed oats of early varieties is quite in evidence of late, with rising prices. But hand-turning the blooming old fanning-mill is no cinch of a job.

We sometimes wonder if parsons give the Master's version of the truths he uttered; or just twist the interpretation to give the congregation more latera in a more listenable.

Of the seven pupils who wrote on the recent W.C.T.U. examination from Zion Sunday school, the highest standings were Elsie Mc. Clara Jo and Joan Clark. The others won Pass certificates.

Eugenia

A Correction

We made a mistake last week in stating that the couch purchased for the Eugenia School was purchased by the teacher out of the concert proceeds. This was incorrect. It was bought by the trustees on motion of a few ratepayers who thought that it was a necessity in the school. If the teacher and pupils desired to get one out of the concert proceeds, why, alright; but we deem it was not necessary for the trustees to buy such, when only a few ratepayers thought it was necessary. Most of the children are near home and if taken ill would go home. It is all right for a country school where the homes are scattered and a considerable distance from school. The trustees didn't inform us whether it was a "community" couch or not, like the school organ. "Wherever one goeth will the other go too?" Nuff said!

Mr. John Park has returned home from Toronto. Glad to see your smiling face with us again, John.

Mr. Harry Foerster has returned home from Toronto after consulting a physician re stomach ailments. We hope Mr. Foerster has found treatment to give him relief.

Mr. Norman Cook's sale takes place today (Monday).

Wiley farm here to the Ferguson farm at Kimberley; Messrs. Bruce Carruthers and Jas. Kirkpatrick jr., drawing from the 11th line and from Geo. Irwin's to their respective homes.

Man So Nervous Feels His Stomach Jump

"I got so nervous my stomach felt like it was jumping. Vinol entirely relieved the trouble. I feel better than in years."—J. C. Duke.

Vinol is a compound of iron, phosphates, cod liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes delicious. R. L. Stephen, Druggist.
