## Byng Reveals True Story of Mutinous Troops at Calais

Movement Collapsed When Labor Strike Ended

TALK WITH LEADERS. Explanation Offered by Great Soldier Answering

Churchill London-Lord Byng has at last revealed the true story of the strike and mutiny of British arcops at Calais in

and that surely means that our home manufacturers are losing valuable manufacturers are losing valuable customers. The Dominions and foreign countries are all increasing their producing plants behind tariff barriers, and making it more difficult for us to find consumers overseas. Where to find consumers overseas. Where ated with political Trade Unionism. then is the advantage of sending away Mr. Churchtli goos on to speak of the consumers we already taye? A Byng bringing two fighting elitisions reneration ago the Colonies purchased against the mutineers, and the sol their manufactured goods very large diers of these divisions were roused to ly from us, and our emigrants still re- indignation at the news that demobili-

Bubble Pricked account sounds plausible and it fits in with class prejudice against alocal secretary of the Mothers' Allow-political trade unionism and the roll ance Board. political trade unionism and the romantic glorification of fighting troops. But Lord Byng pricks the bubble of Toronto Star (Ind.): It appears to Churchillian rhetoric. Byng says impossible for a certain kind of there were two distinct elements of trouble. The first was the strike based on grievances; the second was a mutiny against discipline.

The strike was by the Labor Corps The mutiny was by fighting troops Lord Byng met and talked with last Imperial Conference evolved the the leaders of the strikers and he was convinced they had legitimate griev-

Byng says: "These men were rea at the head of their experience as sonable, They were all of the artizan sound knowledgeable fellows able to face facts." Byng had no difficulty in fixing an agreement and getting the men back to, their duties. The mutiny among returned leave men collapsed when the strike was settled and when Byng

showed he held the big stick. Graveley Misled had been gravely misled and misinformed, and if the situation had been than Byng then there would no doubt have been a collision.

Churchill regards, political trade

West Indian Trade St. John Telegraph Journal (Ind.): The people of the West Indies de enlarge their trade with They wish not only to sell more in this country, but buy more, They want closer contact with the business interests of the Dominion. They are fooking to Canada as a "big prother. There has been an increase dor. British industry need not and in trade and a very marked increase cannot pretend it does not need orders. # **British Mission** Hope to Recover Russian Markets

Many Interests Represented on Unofficial Committee Welcomed by Soviets

London-An industrial mission comprising 80 business men representing 150 British firms with a total capital of £250,000,000 left London March 25 for Moscow to endeavor to recover the Russian market.

The mission is claimed by organ-If troops under Byng were really lizers of the Anglo-Russian committee roused to indignation, as Churchill here as "the most complehensive and says, against non-fighting units, they influential combination of commercial interests that ever left England." The list of firms represented comhandled by a general more impulsive prises a number of the best-known engineering, textile and other manufacturers of Britain.

Members of the mission will be inionists as prope to faction and agi- guests of the Soviet Government, which has arranged receptions and social engagements in their honor. They will spend three weeks in Russia. Promoters of the mission have received assurances that the Soviet will welcome British co-operation in public works and that an opportunity will be given for discussion of settle ment of debts and other pending ques-

Ernest Remnant, editor of the English Review, who is a member of the mission, said in an interview: When we get to Russia there will be no occasion for anything but canin the last ten years. It is most grati-fying to learn that there was an in-crease last year of \$2,200,000 in the But both parties know Russia has hard-working population. All that is the part of the creditor that he can be satisfied that those assets will fairly be applied to meeting the credit

committee which took the initiative Minards Liniment for Grippe and Flu. in promoting the missions.

Immigration : London Daily Express: An unfortunate idea is beginning to take possession of the Dominions. They are coming to suspect immigration from the Mother Land as an effort on our

part to shift the burden of the unemployed to their own shoulders. It is completely superficial view, but they are not to be blamed for holding it. The bungling way in which successive British and Dom nion Governments have handled the problems of settle-

Dominions is much more valuable than any export of machinery, good year, while the number of searches gold. We offer them British stockthe same stock that has built up the greatness of the United State...s, of Canada, Australia and New Zealand It is by far the most precious gift w
