When the cheap paint joker laughs last and longest

You can buy my paint for much less, says the Joker. But it sounds too good to be true. And it is. But it doesn't last long. For it takes more than half as much again of cheap paint to finish your job than would be required with fine old S.W.P. You may pay less for the Joker's paint, but very soon you'll find your work even. It peels. It cracks. It doesn't last. The colors fade. Because the Joker's paint is cheap paint. The cheap paint Joker gets your money. He has the longest laugh. Through Paint Headquarters however, you can get the laugh of him. For here you may buy quality S.W.P. which will last you long and satisfy your factory service.

Still the best place for values

TO all the thousands of Used Car buyers throughout Canada who so greatly appreciated the Chevrolet dealers' stocks through the recent sale, we offer sincere thanks. We are confident you will be more than satisfied with your car and with the value you received. And we look forward to a continuance of your goodwill.

Although the past month has been a veritable "clean-up" of used cars, yet the Spring demands for new Chevrolet Sixes have been so great that our dealers are not replenishing their used car stocks and can offer many more unusual values.

To all who have not yet decided on their car, we urge an immediate inspection of these fine used cars at astonishingly low prices.
