**The ROYAL MASTER**
A luxury Tire? Yes and No!

If you drive a car for one year only, Royal Masters are an extravagance. They last too long! If you drive a car as long as the average man does, Royal Masters are a positive economy. One set will see you through. The Royal Master is the best tire ever made — built with deliberate disregard for costs.

The tread is double thick. Side-walls are made with extra plies of web fabric, guarded against scuffing.

Not one Royal Master is a thousand will ever penetrate. Not one in five thousand will blow out under two years of service.

Cherry Grove

Held over from last week)

Vegetation is responding to the nice summer weather at time of writing.

Mrs. and Mrs. Lloyd Burnside of Markdale were guests at the Struthers home on Wednesday of last week.

Mr. and Mrs. De Forest Field and the latter's daughters, Misses Evelyn and Ruby Ball, of Owen Sound were Sunday visitors with the former's daughter, Mrs. Mitchell Harvey, Mr. Harvey and family.

Many visitors this week with Mr. and Mrs. W. T. House were Mr. and Mrs. Minard and three children, Mrs. W. T. Ricketts and Master Walter Ricketts of Southampton.

Messrs. Jas. Rodman, Harkaway, Wm. Summers, Markdale, and Mr. and Mrs. Levi Burnett spent an afternoon this week, the guests of Mr. and Mrs. Wm. Myers and Miss Vera Myers.

Sunday visitors at the home of Mr. and Mrs. W. A. Blodget and family were Mr. and Mrs. P. J. Elford and daughter, Joyce, Mr. Jack Elford and Misses Whinnie Harvey and Mina Dickie. The two latter came up from Toronto on Thursday for the holiday, returning there Monday.

Mr. and Mrs. Norman Tupper and Mr. Jack McElroy of Toronto were Victoria Day visitors with Mr. and Mrs. W. E. Bradley.

Messrs. Dan McElroy and Lee Hilliard were on a week end motor trip to Kincardine.

The Government speaker, Miss J. Cameron Smith, was entertained at the home of Mr. and Mrs. Billie Bradley on Tuesday and Wednesday of last week.

Mr. and Mrs. Wm. Smart were at Cranberry River attending the meeting of the Loyalist unit, Mrs. S. Rothman.

Mr. Dan McElroy is being kept busy with his sheep shearing outfit, with Mr. R. Martin assisting.

Mr. and Mrs. Eric Smart and two children of Barnhead spent the holiday with Mr. and Mrs. Wm. Smart and family.

Mr. Wm. Taylor of Markdale was a recent visitor at Mr. Wm. Dickie's.

Tuesday, May 21, being the date on which the Government speaker, Miss J. Cameron Smith, was called to address a special meeting of the local W.L.F. It was decided that it would be more advantageous to hold the regular June meeting on the above date at the home of Mrs. Billie Bradley. This meeting was an exceptionally interesting and enjoyable event. The President, Mrs. E. Bradley, presided. The meeting opened with the Ode, followed by the Lord's Prayer in unison. Mrs. A. Bowen then presented the minutes of the previous meeting. Arrangements were made for conveying the delegate and other appointed members to the District Annual Meeting to be held at Walters Falls. It was announced that there is an invitation from the Ravenna branch to attend the 25th anniversary of the organization of their branch. The celebration is to take the form of a picnic with an admission fee of 25c. each, the C. G. W. I. to contribute at least one number to the program. The business session was made as brief as possible as the large number present were anxious to hear the speaker of the afternoon. The roll call was answered by an exchange of seeds, plants and bulbs. A pleasant feature of the afternoon's proceedings was an address and presentation each to Mrs. Arthur Bowen and the President, Mrs. E. Bradley. Mrs. Billie Bradley read the address and Mrs. E. Bradley presented the former with a coffee percolator, while Mrs. A. Bowen read the address and Mrs. W. J. Ward presented the latter with a club bag. Both ladies replied in suitable terms. Mrs. Bradley's address is given below. Mrs. Bowen's address is not to hand for this week's issue of the paper but we hope to have it for next week. The National Anthem was then sung after which the guests had the pleasure of listening to Miss Smith, who was previously introduced by the president. It might be added that Miss Smith taught school for a number of years, is a graduate nurse, has traveled much, having spent some time in Japan, and was overseas during the World War where she rendered valuable services as nurse. The subjects which formed the basis of the speaker's address were as follows: "How to meet medical and surgical emergencies"; "Public Health and Social Hygiene"; "Domestic Remedies"; "Diet in Disease"; "The three 'F' — Files, Food and Fingers"; "Where Chapters of Canadian History were written"; "What it means to be a Canadian"; "Canada's Literature and Art"; "Ontario's Hinterland and its new Canadians". The speaker enumerated a number of contagious diseases which were traceable to lack of good water and proper sanitation and therefore were

preventable. These subjects were thrown open for discussion which was readily taken advantage of and much valuable information was gleaned as to First Aid Methods under various circumstances. The speaker urged upon her audience to make continual war on the housefly, it being a carrier of disease. Miss Smith said she was proud of being a Canadian and prayed herself in conversation with many Canadian authors emphasizing the fact that Canadians should read more Canadian literature and less American. The address was the outstanding feature of the meeting. At the conclusion of her splendid address the speaker was accorded a vote of thanks and a hearty cheer of the hands. The ladies then served refreshments during which a happy social hour was spent.

Everything you want or need in a modern automobile

Until you ride in the Ford car share its comfort — know the thrills of guiding it easily and safely through thickest traffic or stepping it up on the open road, you cannot begin to appreciate the value that has been built into this car.

It is difficult to believe that so much beauty, quiet comfort, safety, speed and power can be had at such a low price.

The low price of the Ford car and its exceptional performance are the result of manufacturing practices as unusual as the car itself. This car is more than a new automobile. It is the ad-

vanced expression of a unique, certain, economical transportation.
