Here and There Four hundred thousand babies have been born at Bath during the past fortnight. It is not the fine mountain air that accounts for this phenomenon, but the amount of water and the babies are rainbow trout from the Dominion Government Fish Hatchery on the banks of the Bow River. They will be placed in the lakes and streams of the Rocky Mountain Parks.

Canadian Pacific Railway Police, Ontario No. 1 team, are champions after winning the Chief Constables Association Trophy in May. The team shot against the Lethbridge detachment of the Royal Canadian Mounted Police which had won the championship for Military forces and defeated them 1412 against 1370. Possible score was 1500.

Charles Olsen and Raffaele Maffioli rival round-the-world racers, are trying to make a trip circling the globe in less than 90 days using only regular means of transportation. Olsen left Victoria on the Canadian Pacific greyhound on August 13, and Maffioli arrived at Vancouver on the Empress of France on June 22. The Empress of France is the fastest airplane since both men have already won it. The race at time of writing is very close.

A problem that has defeated the learned for centuries—the squaring of the circle—has apparently been solved by L. W. Hartman, Canadian inventor, who has discovered a method by which he can reproduce the exact area of a circle in the shape of a square. University professors are now examining his solution. He was born in Russia and never saw a college, but speaks English, French, German and Rumanian fluently.

Mr. George Burrill, who lives about four miles south of Markdale, was badly injured in an accident on the highway Saturday night when he was returning from Markdale. He was driving a span of horses attached to a buggy and was accompanied by his two little sons, and when about two miles south of the village, just as they were passing a car with glaring headlights, another car drove on by Mr. Hugh Knott of this place crashed into them from behind. Mr. Knott was blinded by the glare of the lights on the other auto and did not see the horses or buggy until he had crashed into them. Mr. Burrill was unconscious when picked up and has remained so since. On Tuesday he was taken to Owen Sound hospital and an operation performed. We have not heard whether or not the operation was successful but it is hoped that Mr. Burrill will not be permanently disabled.
