The Tinker, The Tailor, The Butcher, The Baker, The Candle-stick Maker

No matter what your vocation—Whether Tradesman, Clerk, Labourer, Banker or any other—you are, almost without exception, dependent on your local community for your living. The more you are dependent on local support, the more you should support the community yourself.

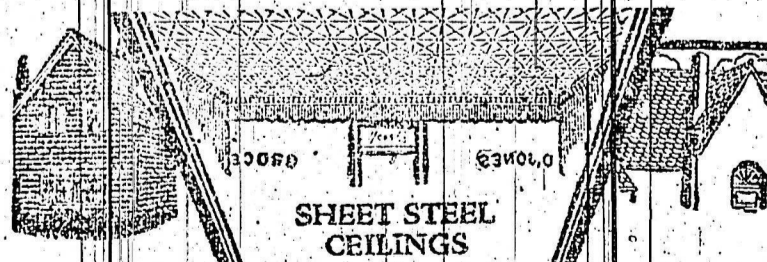

If you are selling either goods or service you cannot expect to get full confidence and support if you are buying elsewhere, the things you can buy at home. You cannot put the assurance and pep into your talk and advertising if you do not practice what you preach.

You would benefit; the whole community would benefit.

J. E. ENGLAND

THE BAKER would benefit.

We are not asking for your patronage merely for sentiment. The Quality and Purity of everything is guaranteed.
