Car License Reduction an Issue?

Is there a motorist in South Grey who will object to a $5 reduction in his car license fee? Not one. How, then, is it an issue when the unanimous voice of the people say it is the right thing to do? The Government are trying to make it an issue because they rightly believe it would be more palatable than, for instance, the L.C.A. or the financial situation, both of which are paramount issues. In 1926 the Government sought to get votes by promising a $5 reduction in the license fee. They evidently considered that we took the bait well for they are trying the experiment again. Don't let ourselves be purchased by a price so meagre, for when the 2c additional tax was placed on gasoline last session it should have been accompanied by the license reduction, which was purposely held over until the eve of an election. We have paid all summer for the privilege of being fooled this fall.

In Memoriam

ALCOX—In loving memory of our dear husband and father, Wm. J. Alcox, who passed away October 2nd, 1927.

October brings sad memories
Of a loved one gone to rest,
Who will always be remembered
By the ones who loved him best.
Days of sadness oft come o'er us,
Tears of sadness often flow;
Memory keeps you ever near us,
Though you went two years ago.
Sadly missed by Wife and Family.

PRICE AND QUALITY

Did you ever enter a store and say "Give me the cheapest suit of clothes you have in the house?"

You certainly did not because you realize that price is not the only consideration and that you must demand quality for what you buy, whether it is a house and lot or a paper of pins.

You want the best suit you can buy for the money, and the same theory applies to all other lines of merchandise. The mere fact that you go to another town or city to buy a suit for $10.00 does not mean that you have saved money. Your home merchant could have given you a suit for $10.00 that would probably be better than the one you bought. He could probably have given you the same suit for less money.

This means that your home merchant wants to satisfy you and give you your money's worth. He will not sell you something that is not worth the money you pay for it, because he wants your trade when you come again. The merchant in the other town does not care. He doesn't expect to ever see you again and will try to get all he can out of you while the getting is good.

The next time you think of buying anything outside Markdale, if you ever do think of such a thing, go first to your home merchant and ask to see the article or articles which you are thinking of buying. It is a courtesy you owe your community as well as your merchant and yourself, and it always pays.
