It is amazing that the man who has spent a life-time carefully building up an estate and who has always kept the comfort and happiness of his family in view, has by neglect and procrastination put off that one thing which will assure his family of the things to which they are accustomed—the making of a will, and the appointment of a qualified executor. We will be glad to discuss this matter with you at your convenience or write for our Free Booklet—"Look Ahead".

YOU GET WHAT YOU PAY FOR. Trade is based on the old system of barter in which one person exchanged articles of which he owned a surplus for others which he needed. Both parties in the deal secured what they needed and both paid for it. Neither got anything for nothing. The same system is still in practice. No person gets anything for nothing. Things of quality demand high prices and cheap articles tend to demoralize arts and manufacture. You cannot buy silk for the price you pay for cotton. The same applies to every article of merchandise. Remember, you get more value for your money in Markdale than anywhere else. You do not pay any more in the long run and your money remains in Markdale and comes back to you. Your community will be benefitted and this co-operation finally spells success.
