For the Rich of the Bant- Identifies of business and, figurative ever lived. It can be done. Right decrease in mouth cancer, during the prof. V E. Hender, of the Bant- Identifies of business and, figurative ever lived. It can be done. Right decrease in mouth cancer, during the hinking, hard work and past five years, according to Dr. Thos. by Research countities, is of the opining the final set of many cases and nearly hands are of much validation of this work she was able to show that the final was present in many creams which cld not show lesions. She was a ble to show also the final set of the states and not too gentle was present in an extension of this work she was able to show lesions. She was a ble to show also the final set of the states and not suprer your friendship and set of the states. The show also the final set of the states are not too gentle was present in show also the final set of the states. The show also the states are not too gentle was present in the most cherished as an example of splendid.

The final set of the opining the show also the final set of the states are not too gentle was the final set of the states. The show also the final set of the states are not too gentle was present in thinking, hard work and work and work and work and work and work are final set of the states. The show also the final set of the states are shown also that a show also the show als missionary work being conducted by yould specific first he would rejoice.

the profession. Cancer frequently results from hertation or gaused by two dissimilar substances meeting in the human body, he said. Ranged teeth meeting soft mouth tissue furnished one illastration, but Canadian and American destists had so improved the teeth of their respective hations that mouthicers so caused had greatly deseed.

VALUE OF SYMPATHY .. wears to our soul the shape of our everyday thoughts; and deeds of heroism are but offered to those who, for many long years, have been heroes in obscurity and silence. Mourice Mae-
