News and Information for the Busy Farmer

Ontario Department of Agriculture

Recent Apple Market

A recent cable from the Overseas Representative of the Ontario Fruit Growers' Association states that the apple market in Great Britain is still dull with a possibility of fairly good prospects later in January.

Farm Improvements

In a recent bulletin issued by the department, in which was summarized all the outstanding events of the agricultural life of the province during the year 1929, the following remarks came under the head of Farm Improvements:

Blantyre

Mr. E. Paterson who has spent the past two weeks at his parental home here, has returned to the West.

Card of Thanks

To all friends and neighbors who were so kind and sympathetic to our daughter, Rena while she was confined to the bed with a broken leg, we desire to express our sincere thanks.

Linking in Niagara Power

The steady demand for hydro power on the Niagara system, which is a supplementary line of need to the Georgian system has induced the Ontario Hydro-commission to make a straight connection with the Niagara system.

The Dual Purpose Cow

Although some have questioned the existence of such an animal as the dual purpose cow, the fact remains that many short-horned cows are producing sufficient milk to return a profit to their owners.

Killing Poultry Lice

Eggs are worth big money these days and the busy hen is the one that pays. Hens that are continually irritated by external parasites cannot give their full energy to egg production.

Alliston Sewers cost \$117,794

In Alliston at the last meeting of the council the engineer, Mr. W. A. Spellman who, the Herald says, has given the utmost satisfaction and in addition to being an efficient engineer has an attractive personality and has been chosen whenever and wherever municipal improvements have been under discussion, gave some figures concerning the sewer line.

Ontario Horticultural Association, Feb. 13th and 14th.

COLONEL J. S. DENNIS RETIRES

Colonel J. S. Dennis, C.M.G., Chief Commissioner of Colonization and Development, Canadian Pacific Railway, will retire January 1, after 28 years with the company, according to the recent announcement made by E. W. Pearty, chairman and president of the system...

Peas and Tomatoes, 2 for 25c. FRUITS AND VEGETABLES. Telephone 149.

KEEP YOUR COMMUNITY ALIVE. There is nothing worse than a dead community. Try as hard as it may to conceal the facts, the truth is written all over it, so that he that runs may read. No camouflage or bluff or bluster can conceal the true situation from anyone who comes within the limits of the community. The worst part about it is that one can offer attractive inducements to the outlying investor, whose faith is built up in the progressive and co-operative spirits of its own community residents. A prosperous community is the same as a large corporation. They are stockholders, and as such look carefully to it that its affairs are administered in such a manner that it pays a good substantial dividend. This can only be accomplished by buying in your community, keeping your money in circulation so it will come back to you. Patronize your merchants, encourage them to expand in a business way. Talk MARKDALE. Boost MARKDALE, and in doing so keep on keeping a "Live Community Alive."

Bulk Cocoa for the Cool Weather. Quality and Price seldom please the buyer, same as this Cocoa, but don't take our word for it. 15c. a pound or 2 pound for 25c. Try some. Money back, if not satisfied. Bread at 10c. and Buns at 12c. Phone your orders to 34. J. E. ENGLAND, The Baker, The Grocer.
