ministry were to wait until these differences in its rank were reconciled, and until all its conflicting views were brought into line, before presenting its budget. It is a safe bet that Parliament would not receive the Finance Minister's proposals this side of prorogation.

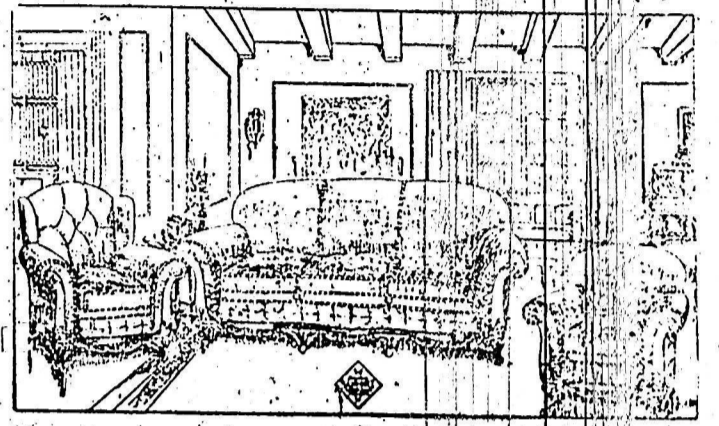

Our Ottawa Letter

The threads of national events, laid down two weeks ago when parliament adjourned for its Easter recess, has once more been taken up. Members of the Government, who were variously holidaying in Bermuda and Atlantic City or repairing political fences in their own riding, have returned to the capital.

County and District
