raw materials and resources in Can-

As important as his declaration in that respect, was his announce ment at Winnipog that he would see that no industry enjoying a protect ive tariff was permited to exercise it to exploit the consumer. The chief attack which has been levellpast has been that it permitted exploitation of the consumer . If Mr. Bennett has found a means of sur mounting that obstacle he will have gone a long way toward making at animously in favor of protection for the Canadian market, agricultural

In point of general acceptance one sions scheme. The present system under which only half of the pension is provided by the Dominion has worked much hardship upon the provinces with a larger aged population. Some of them have not been Mrs. James Dixon is on the sick scheme. In other provinces a very upon the municipalities and tax local improvements shelved to meet the cost of pensions. When the act passed parliament Mr. Bennett strongly urged that the Dominion ssume a larger share, if not the en-

tire cost of the act. A definite plan to encourage agriculture, dairying and the livestock servative Party will take definite markets and Empire Markets for Canadian wheat and other surplus products. His ideas in this direction will undoubtedly be elaborated as the campaign develops, though it now appears that he proposes to use exchange in preferences to ac-

omplish the result. His contempt for the efficacy of ountervailing tariffs, as adopted this year by the King Government, was unmistakable. Definite legislation in the interests of Canada and by Canada will follow his return to power, he made clear. Tariff-

stability, in his lexion, is as important as a protective tariff. In the matter of transportation his program left nothing to doubt. First he made it plain that the Conservative Party stands firmly behind the Canadian National Railourselves to the improvement of the tation northward by the completion the Hudson Bay route and the construction of such branches as may be necessary to render it most readily available to every part of Canada; to the Pacific slope by west by the Development of the St. Miss Annie Telford of Oshawa Lawrence waterways, and we pledge motored up and visited with her ourselves to aid existing traffic channels, and to increase port facilities on the Great Lakes, Hudson

> Oceans, and to the establishment o a national highway system." The working out of a national fuel policy will be of distinct inter-

Bay and the Atlantic and Pacific

st to Nova Scotia. And he finally went on record in layor of compensatory adjustment which will extend the benefit of his policies to all Canada.

Now there is nothing to do but wait for Premier King's rejoinder.
