to hear its concerts. Every evening on a thousand-foot stage, 1,500 performers appear in a Puilding at the Canidian National huge musical pageant and dramatic Exhibition. spectacle, "Les Voyageurs," before audiences, averaging 25,000 nightly. This enormous production, unequalled anywhere else on the continent, is the climax of each day's celebration and

Of all U.S. ourist money spent in foreign, countries, Ganada gets the lion's share—34 per cent,—according to Babson. Of all Canada's sightseeing attractions none exerts the powerful annual draw of the Canadian National Exhibition in Toronto.

How many Americans visit this, the world's largest exposition, is not definitely known, but it is far up in the thousands, and every state contributes to the total. In a 1929 check-up made in one of the exposition's parking areas where 10,000 metors were lined side by side, there were license plates.

Sport spectacles are daily events. On August 27th picked natators from the four corners of the world compete it a 15-mile swimming Marathon for he for the world championship. Preceding this on August 22nd, international mermaids race for the women's world title over a 10-mile distance. These swims are held on the Exposition waterfront with every foot of the course in plain view to spectacles are daily events. On August 27th picked natators from the four corners of the world compete it a 15-mile swimming Marathon for he for une in prizes and a world championship. Preceding this on August 22nd, international mermaids race for the women's world title over a 10-mile distance. These swims are held on the Exposition waterfront with and a talf of sqa-wall and boulevard. Exhibition Park has a natural grand stan l with sightseeing accommodation of the course in plain view to spectacles are daily events. Of all U.S. jourist money spent in sky-line as its background

side by side, there were license plates of 42 different states. Visitors come, in addition, by every rail and water route and by ar.

Magnitude of the spectacle is possibly its greatest appeal.

More a quarter of a animon ine viduals. The roar of the mosquito fleet in the International Outboard Motorboat speed trials is a thrill in any language. Seafflane races with international competitors are equally oxciting. World chempions will also appear in routing and soulling or onto the spectacle. Sibly its greatest appeal. | ing. Thus when Princess Mary's son was only which is ertirely alone in the liversity plain Master George Lascelles he was still in the line of succession, but was

not allowed to take on any special title. He is now Viscount Lascelles only by reason of being heir to his father's title of Earl of Harewood. . There is also the outstanding instance of the eldest son of Prince and Princess Arthur of Connaught. He is strictly a "commoner," although bothhis parents have royal titles. In the case of a female she can only succeed to the throne after all her

Soap Jelly

brothers, but she has a superior right

As at rule, housewives prefer t make their own soap jelly from a recognized good soap, but many do not know the procedure. The following ecipe will be found useful. Cut into thin flakes one pound o

ellow soap and turn into a sauceand put this on the fire to dissolve Let the soap cook slowly until clear, remembering that if not watched may boil over very quickly. One pound of this soap jelly will be sufficent to lather between five and six gallons of water. This is an excellent way of dis osing of the odd pieces of soap which
