sponsibility and work. with the children in their very early "We are all to blame for many of years. It is really very easy to teach our troubles," the letter read. "We the children to hang up their wraps, ask nothing in return for our labors to run errands, to keep their rooms but the pleasure of our dear ones; it tidy, and to do the hundred and one

is a great mistake. "We teach them from babyhood to take our services as a matter of course, and by the time we realize what we have done, we are too tired and worn out to care; and it does not pay."

This is only part of the soul-revealing letter, but in it there is food for thought and study, and a warning to young mothers-a warning to begin with the just-around-the-corner-frombabyhood days to give the children small duties and small responsibilities, so that the burden which usually falls to the mother's lot may be lessened. When boys and girls discover how much actual labor there is connected with a house they realize the great help they may be to

So many mothers will continue taking the entire responsibility for run ning a house smoothly and efficiently year in and year out. The only sign of protest they ever make is a weary able to keep their minds on anything, ed back to their hives by the classlittle "I'm a bit tired" at night, with- They are totally unfit to perform their ing of cymbals or the pounding of out ever a heart-to-heart talk with the family asking for co-operation.

ly spoken of!"

Many people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms, such as headaches, gas, heartburn, etc., will

You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief. Please do that-for your own sake-now.

Be sure to get the genuine, pre-scribed by doctors for conditions due to excess acid. It is always a liquid; it cannot be made in tablet form. Look for the name Phillips and the word genuine in red.

> Some of the tales one dismisses easily as the offspring of fertile imaginations. Others may arise from man's willingness to think of his own music as having rare charm. In a compilation to prove the power of music, written something over a century ago, several such stories appear, One morning very early a tailor is going home after a night spent in fiddling at a party. An angry bull attacks him. With sudden inspiration he begins to fiddle. The bull stops, listens, is charmed. When the man stops, its rage returns. So till dawn the hapless man fiddles away to save his skin. Again, a state prisoner in the Bastille is allowed to take a lute with him to his cell. While he plays, the mice come out to listen, and the spiders suspend themselves around
