Applian Church Notes

Rev. C. O. Pherrill, B.A., B.D., Rector Christ Church

Sunday, November 23rd, 1930. 11 a.m.—Morning Service. 2:30 p.m.—Sunday School. 7 p.m.—Evening Service.

St. Matthias' Church, Berkeley 2:15 p.m.—Sunday School. 3 p.m.—Evening Service.

Department of Agriculture

Grey County's Judging Team of 3 boys accompanied by one spare man are at the Royal Winter Fair, where they will meet in competition boys from other counties in Ontario.

These boys—Wm. J. Linn, Meaford, R. R. 3; Percy Hamill, Chateaufort; Lorne Carson, Shallow Lake; Leonard Shoultice, Shallow Lake—will judge ten classes of stock, viz., heavy horses; beef cattle, dairy cattle, sheep and swine. For the past few days they have been receiving training from Mr. A. V. Langton, Assistant Representative.

Group of Ten Boys

Grey will also be represented by ten boys, namely: Norman Shoultice, Shallow Lake; Lorne Carson, Shallow Lake; Leonard Taylor, Kemble; Emory McQuarrie, Corborton; Wallace Holliday, Mount Forest; Leonard Shoultice, Shallow Lake; Wilfred Tomlinson, Shallow Lake; John Ballard, Meaford; Wm. Martin, Walters Falls; Cameron Abra, Owen Sound at the Royal Winter Fair as guests of the Ontario government. These boys, all under 21 years of age, have been high men at the judging competition held at Markdale on June 23th. They completed in the judging of horses, beef and dairy cattle, sheep, swine, poultry, oats, barley, wheat and potatoes.

Special Winners

At the same time 5 boys who have done some outstanding work for Grey County are also being taken down. These are, Stewart Barber, Owen Sound; Henry Cook, Tara, No. 5 and Gordon Coleman, Tara No. 5, who represented so honorably Grey County in the International Plowing competition with Geo. Shaw, Markdale, outstanding sheep club boy and Jas. A. Stephen of Cedarville, winner stock judge. Thus Grey County will have 19 boys at the Royal during the first week.

Girls' Royal Trip

Next week, Nov. 24th to 28th, Grey County's five girls, winners in the judging competition held in Markdale on June 23th, will go to the Royal Winter Fair as guests of the government. This is the first occasion such an honor has been granted.

The girls representing Grey are: Beulah Atkins, Heathcote; Marjorie Shier, North Keppel; Jessie McEachern, North Keppel; Rhoda Porter, Oxenden; Helen Taylor, Kemble.

T. Stewart Cooper is delighted to be privileged to have Grey represented by so many. However the prizes surely are of such a value that more and more young people will be attracted. The local Department of Agriculture would welcome more of our young people to try for the honor at the competition always held during the last week in June. 66 boys and 45 girls completed last year. Why not make it 100 boys and 75 girls in 1931?

11 YEARS CONSTIPATION GLYCERIN MIX ENDS IT "For 11 years I tried to get rid of constipation," says Chas. E. Blair. "Then at last the simple mixture, Adlerika, made me regular." The simple mixture of glycerin, buckthorn bark, saline, etc., (Adlerika) acts on BOTH upper and lower bowel, relieving constipation in 2 hours! Brings out poisons you never thought were in your system. Let Adlerika give your stomach and bowels a REAL cleaning and see how you feel! R. L. Stephen, Jr. Pr.—Gerald Hill, Minerva Stafford. Jr. Pr.—Mary Whitehead, Verma Russell. No. on roll 25. Average attendance 22. Dorothy E. Hare.

Royal Purple Poultry Specific Keeps Poultry Free from WORMS Mr. Wm. Jarrett, of Bridport, wrote us a letter stating that his poultry had become badly infested with worms. We advised him to use 2 lbs. of Royal Purple Poultry Specific in each 100 lbs. of laying feed for two weeks and continue throughout the winter with 1 lb. After using this in three days he posted 15-24 specimens in a box, and that his own production had gone up 100%. During the fall and Spring months he purchased 600 lbs. of this Poultry Specific. We have a letter from him the latter part of August, stating that he was amazed at the results he obtained, that his poultry were entirely free from worms, and that during August of this year his production was 100% larger than last year. It will pay every poultryman, no matter how small, to add one pound of Royal Purple Poultry Specific to each hundred pounds of feed during the whole season of the poultry and that in. While this great tonic destroys the worms, it at the same time tones up the birds, keeping their digestive organs active the same as if they were on range. It is naturally reflected in increased egg production. Worms in poultry is often mistaken for other diseases. The birds become very thin and show symptoms of diarrhoea. When infested they will die. Put up in 30c. and 60c. packages, \$1.75 and \$6.00 tins, also 100-lb. air-tight bags—\$14.00. For sale by 4,600 dealers in Canada. If your dealer cannot supply you, write direct.

Royal Purple Laying Meal We can supply you with Royal Purple Laying Meal with or without the Poultry Specific mixed in. Mr. T. L. Matheis, Sarnia, Ontario, tells us that he fed Royal Purple Laying Meal to 600 pullets last year with the Royal Purple Poultry Specific and got an average of 74% production from the middle of December until the middle of March. He also states that he has received the largest production of eggs he has ever had during the two months he has been using Royal Purple Laying Meal, and that it keeps his poultry healthy during the entire season. If your dealer cannot supply you we will be pleased to quote you a price, freight paid to your station. We will be very pleased to send you one of our 32-page booklets describing the common diseases of Stock and Poultry with particulars of the Royal Purple remedies for each, and details of all the different lines of feed we manufacture. It deals with 156 subjects of vital interest to every farmer and poultryman.

VIMLITE (formerly known as Vitalite) We are sole distributors for this wonderful vitamin product used by thousands in poultry houses, in nurseries, etc. It lets through the ultra-violet rays from the sun that will not pass through ordinary glass. Write for descriptive circular. FREE With illustrations in color describing the common diseases of Stock and Poultry with particulars of the Royal Purple remedies for each, and details of all the different lines of feed we manufacture. It deals with 156 subjects of vital interest to every farmer and poultryman. THE W. A. JENKINS MFG. CO., LTD., LONDON, ONT.
