Gains Seventeen Pounds

Anyone seeing Mary would find it hard to believe that this smiling young woman was a consumptive. Indeed, for Mary this word "hard" is the best part of the whole story, for she fully believes that she is just about "cured" and ready to go back to work. "Why, in just three months I've put nearly seventeen pounds weight on me," says she, with a hint of Irish brogue, "and me that weak when I came in that I had to be carried on a stretcher."
Mary has been in the Toronto Hospital for Consumptives for several months, but such is the skill of the doctors, such the care of the food, rest and careful nursing, that she again meets the world with a smile, and carries the days to the time when she will be able to work once more and help in her mother's support.
A great work this, that saves for many hundreds of the consumptive poor who otherwise would have to accept the hardships and uncertainties of being tended at home. Will you please help such as Mary to get well? Your subscription will be gratefully acknowledged.
Mrs. A. Ames, 225 College Street, Toronto.

Radio came into play recently in maintaining the Royal Canadian Mounted Police tradition of "getting its man" when Mrs. Donald McIntosh of Glasgow, P. O. R. headquarters in Montreal to help locate her son, Angus, after months of silence. The railway through J. J. Seay, general manager eastern lines, got in touch with I. W. Spalding, superintendent commanding Saskatchewan district of the R.C.M.P. who in turn applied to railway sources in Regina. The message listening in at Saskatoon, got the message from home and at once communicated with his mother.
George M. Inverarity and J. K. Christion, of Carberry, Manitoba, won the boys and girls swim club championship on Canadian Pacific Railway lines in the province at the annual competition recently held at Winnipeg. Mr. Inverarity and his son, George, won the Manitoba Cup for their club for the second time, gold medals for themselves and qualified for the trip to the Royal Winter Fair at Toronto this month as guests of the railway.
A novel form of entertainment is being offered at North Sydney, N.S., where passengers are being taken out on local sword-fishing crafts for which a small fee is charged. Many are availing themselves of this opportunity, seeing the large fish harpooned from the deck of a boat. An instructor explains the method used in catching these monsters of the deep.
Farmers from all parts of Canada will again be competitors in the International Livestock, Grain and Hay Show to be held at Chicago, November 29 to December 5. A competitive class for hard spring wheat winner of which is acclaimed as the world's wheat king, Canada has won 16 times in the past 19 years and the province of Saskatchewan has won the crown on 11 occasions.
Capt. Eddie Collins, Mickey Cochrane and Cy Collins of the world's champion Philadelphia Athletics, and Tris Speaker, world's champion player of former years, have been spending the first half of November in the New Brunswick woods, shooting deer, moose and bear and also adding wild geese and brant to their bags by a visit to Becharof on the Gulf of St. Lawrence coast. The championship of the 11th Canadian egg laying contest, just concluded at the Central Experimental Farm at Ottawa, goes to a pen of white leghorns entered by Richard Green of Farrington Park, Preston, English, which season place honors went to Mrs. W. J. Thompson of Birch Hills, Sask., with a pen of barred Plymouth rocks. Third place was taken by a pen of Rhode Island reds, owned by the University of British Columbia. The best laying individual bird in the contest was Rhode Island red, owned by Mrs. J. A. B. of New Westminster, B.C., which laid a record of 177 eggs in 15 weeks.
Six interesting facts:
1. If you asked the average happy and comfortable Ontario housewife what a gain of $\frac{1}{2}$ cent meant to her, she would probably look at you as if you were an alien.
2. However, she were in the position Mrs. Roberts, a woman with a family of five young children in a small Ontario town where there was "little to earn for many a day," growing weaker and weaker from poverty and poverty, finally obliged to leave her little ones to friends and neighbors, she would take herself to the Toronto Hospital for Consumptives.
3. Then began the long, long fight to get back the precious pounds which Mrs. Roberts and so many like her, mean millions on the road to health. Thanks to ten months of good care, rest, nourishing food and experienced medical attention, Mrs. Roberts one day said the scales registered 149 pounds. Her gain was 99 pounds she registered on entering the hospital.
4. Where is she now? Back at home, joyfully taking up the care of her family and grateful for her restoration to health. A great work assurance company which means assistance from friends because poverty and tuberculosis so often go hand in hand. Will you help, please? Your subscription sent to Mr. A. E. Ames, 225 College Street, Toronto, will be greatly appreciated.
