# The Gringo Privateer

By PETER B'. KYNE

Martin Bruce, cattle owner, and Migue Martin Bruce, cattle owner, and Miguel Gallegos, Mexican sandit, steal cattle from the ranch of Bradley Bardin. Bardin makes Ken Burney general mager on condition he puts Bruce and Gallegos out of the way. Bruce has sworn to kill Burney. Muriel Bardin falls i love with Burney, and persuades her father to keep him from encountering the thieves, but Burney has already laid, his plans and trained thirty men for the fight, which he intends to hold in Mexico.

### CHAPTER XXIII.

"You certain she's the sort of girl to make you happy, to make you a trucks to go by them on the highway. spicuously when a guest entered the era kerjack wife?" It seemed to Ken In the front seat with his chauffeur Burney that the king was paternally sat Miguel Gallegos. As he recogniz-quired, 'Verstehen ie Deutsch?' and solicitous. "Remember, son, the girls ed Burney on the seat of the leading if they received an affirmative answed, nowalays are a lot different from the truck he ordered his chauffeur to halt sort of girls your father and I mar- the car; with hand upraised, palm ceived far better service." At that ried. They're high-rollers, but they forward, he signalled Burney to halt. don't know it, because the whole damned world is rolling 'em high. Amazing Transformation of Strasbourg Into a Typical French City

The miracle of Strasbourg - the ransformation of a German city into ne typically and predominantly French-has been practically accomplished within the comparatively few years since the world war.

The change could not be made in less than a generation, it was affirmed by some when this historic city was restored to France after the war. ward him. "If our friend Miguel Gai- E. M. Newman in his new travel book But it has been done, we are told by legos is not approaching in yonder "Seeing France", and there are mighty few loose ends left hanging out.

Several years after the war, says Mr. Newman, "the city was as German as ever. Waiters at the hotels ed off the road to permit the heavy and restaurants spoke French conestablishment. But they quickly inthey were pleased, and the guest re time, we are told:

They said that Strasbourg would not be French before another genera tion; but they were mistaken. To-day one finds it as typically

French as the Parisian boulevards. All the shop signs are in the French anguage, and so are the advertise ments on the tramcars and buses, and the nenus at the restaurants and hotels.

The visitor hardly hears a word of German unless he announces that he understands that language and cannot understand French. German has become a concession or courtesy to visitors: French is the official and almost the universal language. It is considered not so "polite" to speak in

German. The principal stores have taken on chic that is typically French, and never observed in Germany, even in the metropolis. Park newspapers are the popular reading of the people. The streets in the centre of the town are filled with little iron tables and chairs, where people spend hours, sipplng coffee or cordials and gossiping Here, 'mid the fallen tragments, as of

about the affairs of the day. One observes a few beer-drinkers; but they may be seen anywhere in

Even citizens of German ancestry And (particularly the younger generation) appear to enjoy the innovation. Probably they had a smattering of French before the war, for many of the population understood and spoke both languages; but now they seem to chat loudly in the cases to prove their fluency in the French tongue. The leaven has worked.

Often it is a slow proces; but there "I'll quit if you insist, but I prefer perhaps two hundred yards wide, and Strasbourg. It seems that all that remote to I need the reward and I must through this pass a trail led to an arid mains untouched of this typical old German city is its cathedral and its manufacture of pate de foies gras.
