# Recipe for Making Men

One Red Blooded Boy Parents' loving care Outdoor exercise

Some Study (not too much) Reasonable amount of work Nourishing food (plenty of good bread)

### Method

Mix work and play with study. Combine wisely under direction of loving parents. Add muscle building foods—plenty of nourishing bread. Rear with patience and understanding. Turn out at 21, a credit to parents. This recipe makes one man.

Only a mother knows the painstaking care required to raise a boy right. Good bread and plenty of it is a great help. Is it any wonder that smart mothers patronize bakers who make good bread?
