Dundas Highway - 6:00 p. m. Sunday. Traffic heavy in both directions and slow.

curve about tw miles west of Cooksville run-

I was parked just off the exac center of the curve at the top of the hill. A chap with a big, heavy car Mrs. Williard Wiley and families of headed west past me almost on two wheels and started down the hill or the wrong side of the white line. He saw me and tried to edge back into line, but the west traffic was bumper to bumper. He couldn't get in.

Halfway up the hill was a driver coming east at a good speed. Only one thing saved several lives. The man coming up the hill took to the ditch, fortunately a shallow one. He a fence onto some plowed land, and came to a stop with lamps, bumper and radiator practically wresked. Quickly I inspected the car and found that, luckily, no one was ser

ously hurt. Then I took after the driver who caused the accident. Two miles west I caught up with

him.

The charge was reckless driving and failure to return to the scene of an accident.

The Moral is that a few minutes saved by cutting in and out of trafactual money and human misery.

There are a good many of the subscribers to The Standard who have let their subscriptions become in arrears and the sum of such arrearages makes quite a total. We need the money and would ask all those indebted to us to please make an effort to let us have a remittance at the earliest possible moment. The amount of each individual account when multiplied by four or five hundred means much to us.

Please let us have your little contribution.
