## LOVE LAUGHS AT TELEPHONE TOLLS

Hospital days were lonely. Of course, her friends did all they could to keep her cheerful — her room was a bower of roses — but how she looked forward to evening when Jack could sit by her and talk of his day at the office.

Then came the news that he must leave town on business. She wondered how she could stand the wait until he came home. But Jack, wise fellow, knew how to bridge the gap. Promptly each evening at nine he called her over Long Distance and told her all the things she wished to hear.

Extravagant? . . . not a bit . . . for night rates are always inexpensive! What could be worth more for what it cost?

Evening rates (7.00 p.m. to 8.30 p.m. local time) are considerably lower than day rates on "any-one" calls. Night rates (8.30 p.m. to 4.30 a.m.) are lower still.
