C. R. Itic Rambles On

Dear Editor and Readers.—There hasn't been much excitement for me during the past week although I have had a few pleasant evenings. I went to the fowl supper and entertainment in the church on Tuesday evening and I am pretty well satisfied that I got my money's worth. I knew most of the other fellows who sat at the same table as I did and most of the girls, young and old. There were a couple of the fellows who I believe got away with their fifty cents worth of fowl and appeared to enjoy it to the last. I was pleased to hear Miss MacDuff who gave a reading or two. I knew her father, Alex MacDuff, when he was a young chap in this locality. He and I put in some good times together in our young days. They tell me he is running a general store at Brooklin, Ontario, now and is doing well.

I hear that our street is going to be paved now for sure. A petition has been circulated and although I refused to sign it the little woman put her name on the dotted line and it counts just the same as if I had done so. You see we have our little home in both names. We had this done so that in case we didn't always agree the one couldn't put the other out. We get along fairly well although the little woman has threatened to leave me several times since I started writing for the paper. She says I tell too much of the things which go on at home and that the neighbors are beginning to become suspicious that it's I who is doing the writing. I don't care much whether people know who I am or not because if they don't like my writing they are at liberty to chip in and give us some of their views on the doings, which are going on.

I was over to Joe Richardson's garage the other evening and we had quite a discussion as to the merits and demerits of the improved streets, the present depression, the low prices of farm produce, etc. Jack Johnston was there and he took the leading part in the discussions.

I haven't been taking much stock in the paving work lately. It has become a little chilly to stand

around watching the work. I have been trying to get a partner to accompany me to the Royal Winter Fair in Toronto to pitch horseshoes but so far I have not been successful. Most of the fellows whom I have asked were all ready to admit that they were not good enough to enter into such a competition. If I am able to get some one to accompany me who can pitch anything like as good as I am in my practices behind the stable at home there is no doubt that the champions of Canada will have as their address this little village—Markdale, Ont. Watch for my picture in the Toronto daily papers when they are reporting the results of the horseshoe competitions.

I must not neglect to tell you about the masquerade party which I attended in the Townsend Lake school on Friday evening. There were quite a number of masqueraders and I was among them. I did not get the prize but I think I had taken a few cigars along to give to the judges before the competition opened I might have got into the money. The judges were all good friends of mine but of course with my outfit on they did not recognize me.

Yours truly,
 C. R. Itic.

Children Left Alone

In a little house in a back street two children are awaiting Mother's and Dad's return. They are being helped by a friendly organization but there can be no home for them until their parents come back. For many months they have been struggling for lost health and strength in the Toronto Hospital for Consumptives. They have benefited greatly, as so many hundreds do, from the quiet, fresh air, kindly nursing and medical attention.

Unable to walk to the dining-room for two meals a day now, is the father. But a short time ago he could not be moved from his bed. A few months from now, who knows, he may be back again talking to the burden of the home. Such work as this has great economic value to the community, as well as opening the way from misery and despair to hundreds of the consumptive poor. The hospital greatly needs your help. Will you please send a gift to Mr. A. E. Ames, 232 College St., Toronto.

"Pack up Your Troubles — and Smile! Smile!! Smile!!!"

The famous war-time marching chorus might well have served as the theme-song for the events in connection with McGill University's 1931 Convocation, as can be seen from the faces in the above group, which includes four distinguished Canadians granted honorary degrees at the great gathering in Montreal. E. W. Beatty, K.C., Chairman and President of the Canadian Pacific Railway and the cheerfulness movement. It would be difficult to find a group more typical of Canadian affairs; and just look how that infectious smile has done its work! Left to right: F. W. McLennan, eminent Canadian mining engineer; A. C. Rutherford, Chancellor of the University of Alberta; Rt. Hon. R. B. Bennett, Prime Minister of Canada; Mr. Beatty; Dr. Harvey Smith and Sir Arthur Currie, President of McGill University. The lower picture shows Mr. Bennett and Mr. Beatty, about to leave Sir Arthur Currie's house for the Campus, in a carriage drawn by a team of students. Note the "No Parking" sign, adopted by the "state coachman" as his staff of office. It was a memorable day. Everyone smiled—even the Weather Man!

PLEASE

There are a good many of the subscribers to The Standard who have let their subscriptions become in arrears and the sum of such arrearages makes quite a total. We need the money and would ask all those indebted to us to please make an effort to let us have a remittance at the earliest possible moment. The amount of each individual account when multiplied by four or five hundred means much to us.

Please let us have your little contribution.
