"May I make a suggestion?"

We all know that the best way to wish a friend a Merry Christmas is to say it yourself—especially in the case of out-of-town friends who appreciate your voice more than any other form of greeting.
BUT—if everybody waits until Christmas Day to make these calls there are bound to be crowded lines and delays.
We telephone operators all wish to avoid that sort of thing. We want to put your Christmas calls through promptly and pleasantly. We therefore suggest that you place your calls as many days before Christmas as you can.
A Christmas greeting is just as timely and appreciated before Christmas as on the day itself; it is spoiled only when it is late. So please be early this year and let us show you how quick and courteous our service can be.
