**Here and There**

Twenty-two days will be occupied by the annual tour across Canada to be conducted by a Special Train, of Macdonald College, when his party leaves the Windsor Street Station, Montreal, by special train over Canadian Pacific lines on Sunday, July 20. This year will be the seventh trip conducted by Dean Laird and, as in past years, will include automobile drives over the famous Banff-Windermere highway and from there, via the Yoho Valley, to Lake Louise, as well as steamer trips across the Kootenay Lake to Nelson; from Vancouver to Victoria; and on the Great Lakes steamships from Port William to Port McNicoll.

Spring seeding in the west is proceeding at a rapid pace, according to report at the end of April from the agricultural department of the Canadian Pacific Railway at Winnipeg. Taking the three prairie provinces as a whole it was then estimated that 43 per cent. of wheat seeding is completed, with some districts in south-eastern Alberta reporting between 50 and 65 per cent. finished. Heavy showers have somewhat retarded progress in north-western Saskatchewan.

Twelve representatives of the New Zealand press are at present travelling through Canada via Canadian Pacific on their way to the fourth Imperial Press Conference to be held in London, Eng., next June. The members of this party with their wives and children have been visiting Banff and Lake Louise in the Canadian Rockies.

Contracts are let and grading has been started on three additional branch lines of the Canadian Pacific Railway covering 145 miles in Saskatchewan and Alberta, it is announced by the company's engineering department. These new sections of railroad will provide facilities for passengers and freight into one of the richest agricultural areas now under settlement and will give encouragement to farmers already settled in the areas affected.

With 1,959,200 pounds more fish landed in Nova Scotia during March, 1932, as compared with the same month of the previous year, fishermen of the province received a total of \$385,324 for their catch, according to the monthly report of the fisheries branch of the Department of Marine and Fisheries. Total quantity landed in March was 9,473,000 pounds.

The new Montreal Harbor Bridge, a two-mile span across the St. Lawrence River, built at a cost of \$12,000,000, will be formally opened on Victoria Day by Rt. Hon. W. L. Mackenzie King, Prime Minister of Canada. This bridge, work on which was commenced five years ago, is one of the longest and largest in the world.

Marquis wheat still constitutes more than one-half of the western grain crop. This is shown by the test samples taken from 43 cargoes of Canadian wheat exported to England in 1928-29 and reported by the Dominion Department of Agriculture. The tests were made at the Dominion Experimental Farm at Brandon from samples collected by the Canadian Co-operative Wheat Producers at export ports.

**Vandeleur W. L.**

The January meeting of the Vandeleur Women's Institute was held at the home of Mrs. Fred Botand. There were twenty-five members and six visitors present, the members answering the roll call by giving their most common error in speaking. A letter was read acknowledging five dollars which was sent to Tobemory. It was decided to hold a Leap Year social in the Orange Hall on the 12th of February. After the business was concluded Mrs. Hare gave a talk on "Speaking Good English", pointing out the errors used in our every day talk. This paper was very much

enjoyed by all. Dr. Carefoot was present and gave a talk on Diabetes and Insulin which was very interesting.

Lunch was served by Mrs. Will Hutchinson, Mrs. Harry Baker and Mrs. Otto Eaker.  
The next meeting will be held at the home of Mrs. Hare in February.

**Championship Fish from Ontario Waters**

Results are out for the three major fishing competitions held in Ontario each year at French River, Nipigon River and Devil's Gap Bungalow Camps, all three contests being sponsored and trophies awarded by the Canadian Pacific Railway Company.  
They were: a 49 1/2 inch muskellunge taken from the French River by F. R. Spotta, of Houston, Texas, weighing 35 pounds, seven ounces, girth, 25 inches. It took nearly three-quarters of an hour to land this beauty. A six pound speckled brook trout from the Nipigon River caught by Edward Fohman, of East St. Louis, Ill., 22 1/2 inches long and 14 inches in girth. A black bass from the Devil's Gap Bungalow Camp, Lake of the Woods, four pounds, 1 1/4 ounces in weight, just over 21 inches long and 18 1/2 inches in girth. It fell to the rod of J. C. Jones, of St. Louis, Mo. Each winner was awarded a framed certificate signed by the judges of the contest and were also given gold lapel buttons. Fishing was exceptionally good this year in these kind of competition.  
Lay-out above, centre top, J. C. Jones, winner of Devil's Gap contest; left, top, Lake of the Woods Black Bass specimen; right top, Nipigon River speckled trout specimen; lower centre, record head of muskellunge taken at Devil's Gap.

New Issue

\$25,000,000

**Province of Ontario**

5 1/2% and 6% Debentures

(Non-callable)

\$ 5,000,000 6% Issue, dated February 1, 1932 Due February 1, 1935  
\$20,000,000 5 1/2% Issue, dated February 1, 1932 Due February 1, 1947

Principal and half-yearly interest (February 1 and August 1) payable in lawful money of Canada, at the office of the Provincial Treasurer in the City of Toronto, or in the Cities of Montreal, Ottawa, Winnipeg, Vancouver, Halifax or Saint John, N.B., at the holder's option. Debentures of the 1935 maturity will be payable at the principal office of The Bank of Nova Scotia in each of the above-mentioned cities and will be issued in the denomination of \$1,000; and Debentures of the 1947 maturity will be payable at the principal office of The Bank of Montreal in the above-mentioned cities and will be issued in denominations of \$1,000 and \$500. Provision will be made for registration as to principal.

Legal Opinion: E. G. Long, K.C., Toronto.

These Debentures are direct obligations of the Province of Ontario, and are payable, principal and interest, out of the Consolidated Revenue Fund of the Province. The proceeds of this issue will be applied in the funding of temporary borrowings for Hydro-Electric Power development and transmission, highways construction and other purposes.

The Province of Ontario is the wealthiest and most populous Province in the Dominion of Canada. Abundance of water powers, excellent railroad and highway transportation facilities and a plentiful supply of raw materials have fostered a steady expansion both industrially and commercially. Ontario leads in mineral production, and in the volume of manufactured products; it ranks first in value of field crops and second in the value of forest products.

We offer these Debentures, if, as and when issued and accepted by us, and subject to approval of Counsel. It is expected that Debentures in Interim form will be ready for delivery about February 1, 1932.

PRICE: { For the 1935 Maturity 100 and accrued interest, to yield 6.00%.  
For the 1947 Maturity 96 and accrued interest, to yield 5.90%.
